## REPORT OF THE COMMISSIONERS OF CEMETERIES.

---

*To the City Council of the City of Concord :*

The commissioners of cemeteries herewith present their second annual report, which covers the work of the year 1892. A large amount of work has been accomplished during the year. The commissioners have prepared and put in suitable condition for sale the large block of lots on the beautiful western slope of the cemetery. A new block has been graded and added in the northern portion of the cemetery, a fountain placed in the center, avenues and drives constructed, making this lot one of the most desirable in the whole cemetery. The commissioners have contracted for two large central posts for the gateway, which, when placed in position, will add greatly to the beauty of the entrance.

The work of extending the wall along the front of Calvary cemetery has progressed in keeping with your appropriation therefor, and will be completed in the early spring.

A nice carriage drive has been built from the tomb to the northern portion of the cemetery, and to the north entrance, which, we trust, is a great improvement.

The appropriation for the Old North cemetery has been expended in repairing walks and driveways, in removing the unsightly tool-house, and in placing extra hydrants so that water can be accessible to all lot owners.

During the coming year the commissioners propose to set a large amount of shrubs and trees, and to still further adorn and beautify these hallowed spots. The amount that can be expended for this work rests with your honorable body. That it will be a liberal appropriation placed in our hands, we have no doubt.

GEORGE O. DICKERMAN,  
*Secretary of Commissioners of Cemeteries.*

FIRE DEPARTMENT.

# FIRE DEPARTMENT.

---

## REPORT OF THE CHIEF ENGINEER.

*To His Honor the Mayor, and Gentlemen of the City Council :*

In accordance to rules and customs governing the fire department, I herewith submit the report of work done by this department in the year 1892.

We have had an exceptional year in the small amount of loss by fires and an increase of still alarms, which have been promptly responded to by details from the several stations to which they were sent, a large majority being sent by telephone to the central station, this being the only station connected by telephone; and here we wish to say that we think it only just that for the free use of our streets the telephone company should, without detriment to themselves, allow us a wire without any other customers, to run from their central office to the central fire station, which would save delay and annoyance many times a day.

It would be wise in our judgment to have telephones at each hose house and one at the chief's residence.

The attention of the past city council was called to the horse services at hose houses 2 and 3. I am of the opinion that it is economy for the city to own horses for these companies and have them used the same as the horses at the central fire station.

A new pair of horses are needed for use on the hook and ladder truck and should be furnished by the street department.

I would suggest that the alarm boxes be put in at East and West Concord as a safeguard. In case of a fire of any magnitude help must be sent from the precinct, and delay and confusion would be saved by this arrangement.

These Wards 2 and 3 are now protected by hand fire engines, which at best are heavy and hard to get to the fires with the number of men that could be mustered quickly, and I would recommend

that small four-wheel chemical engines be purchased and that the hand-engines be disposed of.

The central fire station is overcrowded, and in the near future additional apparatus will be needed at the North End, and it would be wise to secure the vacant lot east of the Alert house and then a station could be built that will accommodate one steamer, hose wagon, and a ladder truck. Then Washington street gives easy access to the Hill district, which will soon be calling for additional protection.

This year the Eagle hose wagon was purchased without additional appropriation, and the steamer "Governor Hill" was repaired at the Manchester Locomotive Works. A new set of copper flues was put in and other minor repairs made and now it is in first-class condition.

There are two hose reels not in use and it would be well to dispose of them at a fair price.

#### FIRES AND ALARMS.

The precinct department has responded to eighteen box and thirty-nine still alarms. At Penacook there were ten bell and four still alarms, which are recorded as follows:

#### LIST OF FIRES AND FIRE ALARMS FOR 1892.

January 26—Still, 1:45 p. m. Chimney fire in residence of W. S. Baker, North Huntington street. No damage.

5:35 a. m. At Concord Axle Co., Boscawen. Pioneers responded.

January 27—Penacook. Still alarm at Knowlton's block. Chimney fire. No loss.

February 5—10:10 p. m. Box 5. Slight fire in a car of potatoes in front of the freight station. Loss on car, \$5; on potatoes, nothing. Cause overheated stove. Eight hundred and fifty feet of hose wet.

February 17—9:15 a. m. Still. Chimney fire in house at the corner of School and Rumford streets.

3:30 p. m. Chimney fire in residence of G. S. Locke on Green street.

5:45 p. m. Still. Chimney fire in Stickney block.

February 17—11:30 a. m. Penacook. Tenement house of W. W. Eastman on Summer street. Caused by overturning of kero-

sene stove, it is supposed. Mary Bean, the occupant of the tenement, was burned so that she lived but a few moments. No loss on building.

February 27—5:40 p. m. Still. Slight fire on roof of railroad bridge on Bridge street. Kearsarge Hose responded; one hundred feet of hose wet. Loss, \$5.

March 2—4:45 p. m. Still. Chimney fire in Nutting's block, corner Pierce and Laurel streets.

March 5—9:20. Still. Chimney fire in residence of Dr. S. C. Morrill, on South Main street.

10:15. Second alarm for chimney fire at same place.

March 6—7:30 p. m. Still. Slight fire under a radiator in the office of the Eagle stable.

March 7—3:48 p. m. Box 13. House of Mrs. Daniel B. Favor on Beacon street. One hundred feet of hose wet. Loss on building, \$20; insurance paid, \$20.

March 13—6:40 a. m. Box 5. Slight fire in the office of Train-Master Clough, Concord and Montreal railroad. Cause, overheated flue. Loss, \$10. Four hundred and fifty feet of hose wet.

March 14—10:20 p. m. Box 35. Slight fire in First National bank, corner Main and Depot streets. Loss, \$12. Eight hundred feet hose wet.

March 17—9:30 a. m. Still. Chimney fire in residence of G. H. Carter, 55 School street.

11:30 a. m. Second alarm for chimney fire for the same place.

March 28—9:45 a. m. Still. Chimney fire in residence of Mrs. J. E. Sargent, corner Merrimack and School streets. No damage.

March 30—10:08 p. m. Box 48. Fire in grass in Asylum yard. No damage.

April 3—12:22 p. m. Box 32. Brush fire on land of West End syndicate. No damage.

2:55 p. m. Box 13. Fire in grass west of Rumford street street and north of Franklin. Nine hundred feet of hose wet. No damage.

April 8—12:30 p. m. Still. Chimney fire in residence of L. S. Morrill on North State street. No damage.

12:40 p. m. Penacook. Dwelling house on Washington street, owned and occupied by Martha J. Morrill. Loss, \$14.36; insurance, \$14.36.

April 12—12:30 p. m. Still. Chimney fire in residence of Dr. D. E. Sullivan on Park street.

8:14 p. m. Box 15. Fire in residence of Frank S. Streeter on North Main street.

	Loss.	Ins. paid.
On building . . . . .	\$5	\$5
On contents . . . . .	185	185
Total . . . . .	\$190	\$190

April 14. Still. Slight fire at W. P. Ford & Co.'s; extinguished by members of Alert Hose company.

April 15—Still, 4 p. m. Fire on the plains. Extinguished by Engineer Dow and a gang of six men.

April 16—4:40 p. m. Penacook. Tenement house of W. W. Eastman, on High street. Caused by children playing with matches in the barn connected. Loss on buildings, \$2,000; insurance, \$1,000. Loss on building of Julia A. Abbott, adjoining, \$214; insurance, \$214. Loss on furniture of Julia A. Abbott, \$195; insurance, \$195. Frank P. Robertson, loss on furniture, \$150; no insurance. Mary Owens, loss on furniture, \$25; no insurance. George Griffin, loss on furniture, \$15; no insurance. Thomas O'Brien, loss on furniture, \$25; no insurance. Franklin A. Abbott, loss on shed adjoining, \$10; no insurance. Farrand and Chandler, loss on Eagle block and outbuildings, \$125; insurance, \$125.

April 17—6 a. m. Still. Fire in office of Ferrin & Woodman, on School street, caused by a burning cigar in a wooden spittoon. Extinguished by Officer Sanders. Loss, \$10.

10 a. m. Still. Fire in woods, corner of Auburn and Franklin streets. Extinguished by Chief Davis and members of Alert Hose company.

1:45 p. m. Still. Fire in woods in rear of Blossom Hill cemetery.

2 p. m. Still. Fire in grass in rear of Ranlet & Marsh's coal shed; responded to by Good Will hose company; later, in response to a call for a steamer and more hose, the Kearsarge and Eagle reels were sent down; 1,050 feet of hose wet. This fire destroyed the shooting house of the Gun club at the South End.

3:25 p. m., 11-11. Fire in woods north of Odd Fellows' home.

April 19—3:55 p. m. Still. Chimney fire in Board of Trade building. No damage.

11:20 p. m. Still. Fire in brush near the stone crusher. No damage.

April 21—2 p. m. Penacook. Still alarm for brush fire on land of Mrs. John Sawyer, near Main street.

April 25—4:46 p. m., 11-11. Brush fire on the plains east of Sugar Ball road; extinguished with shovels by the department and Old Fort Engine company.

April 26—12:10. Still. Chimney fire in residence of Charles Welcome on Warren street. No damage.

April 27—3:57 p. m., box 34. Fire in woods on Long pond road.

9:15 p. m. Still. Chimney fire in residence of L. H. Clough, South State street; extinguished by members of Good Will hose company.

April 29—Still. Fire in tar between Durgin's and Hill's blocks, rear of Main street. No damage.

May 6—Still, 10:10 a. m. Fire in waste paper and coal bins of the Monitor establishment, Depot street. Eagle hose wagon sent out. Damage \$25; fully insured. 250 feet of hose wet.

Still, 1:30 p. m. Chimney fire in residence of George H. Sawyer on South Main street, extinguished by members of Good Will hose company.

May 7—Still, 1:30 p. m. Chimney fire at same place.

May 9—Still, 7:30 a. m. Chimney fire in residence of Mrs. Cummings on Downing street; damage, \$10.

Still, 2:30 p. m. Brush fire rear state prison.

Still, 7:30 p. m. Chimney fire in residence of Albert Grant on Franklin street. Extinguished by members of Hook and Ladder company.

May 19—Still, 9:40 a. m. Chimney fire in Nutting's block on Pierce street. No damage.

May 22—Box 26, 10:12 a. m. Fire in house on Maple street owned by W. D. Merrick and occupied by Mrs. Emma Dame. Cause, overheated stove funnel in barn.

	Loss.	Ins. paid.
W. D. Merrick, building,	\$187	\$187
Emma Dame, contents,	225	125
	<hr/>	<hr/>
	\$412	\$312

June 5—Still, 11:45. Chimney fire in residence of C. F. West on Warren street. No damage.

June 15—Box 35, 8:39 p. m. Fire in barber shop of Symonds & Pearl, Moore's block, caused by the fall of a kerosene lamp. Symonds & Pearl; loss, \$10; no insurance. Damage to building, \$50; insurance paid, \$50.

1:15 a. m. Penacook. Concord Manufacturing Co., waste-house on Washington street. Loss on building, \$25; no insurance.

July 4—Box 24, 12:44 p. m. Slight fire in lumber shed in Hall's court. Loss, \$1; no insurance.

July 27—Box 23, 8:50. Fire in house owned by Mrs. Titcomb on Chapel street, occupied by Charles Yeaton. Loss, \$10; no insurance.

9:45 p. m. Penacook. Chimney fire in Knowlton's block. Extinguished by members of company. No general alarm.

August 27—Still, 3:50 p. m. Brush fire on Long Pond road.

September 26—5:20 a. m. Penacook. Dwelling house and barn of B. Frank Varney on Washington street. House struck by lightning. Loss on building and contents, \$4,000; insurance paid, \$2,625.

September 27—Still, 3:50 p. m. Chimney fire in house of Norris A. Dunklee on Fayette street. No damage.

October 3—Still, 1:45 p. m. Chimney fire in house of Charles Rowe on Fayette street. No damage.

October 24—Still, 2:20 p. m. Chimney fire in house of Dr. S. C. Morrill. No damage.

October 27—Box 5, 8:07 p. m. Fire in rear of Concord railroad shop. No damage. 1,400 feet of hose wet.

November 5—Still, 11:10 a. m. Chimney fire in house of J. Smith on Fayette street.

November 22—7:10 p. m. Penacook. Chimney fire in house of E. Sebra. Extinguished by members of the company. No general alarm. No loss.

November 25—12:30 p. m. Penacook. False alarm. Not yet accounted for. Alarm received by telephone.

November 26—Box 24, 11:47 a. m. Fire in store of Joseph Welcome. Loss, \$40; insurance paid, \$31.

November 29—Box 45, 2:45 p. m. Fire in Charles E. Thompson's house, West street. Loss, \$25.

December 4—3:20 p. m. Penacook. Slight fire on roof of dwelling house of the heirs of Joseph Knowlton, on the interval beyond B. & M. R. R. Loss, \$2.65; insurance, \$2.65.

## HYDRANTS.

There are 228 public and 27 private hydrants, 24 public hydrants having been put in this year.

## APPARATUS AND FORCE.

The force of the department is as follows: Precinct, located at the Central Fire Station, one first-class Amoskeag engine, "Eagle," with Eagle Hose Company (15 men); two second-class Amoskeag engines, "Kearsarge," with Kearsarge Hose Company (16 men); "Gov. Hill," relief steamer, in charge of an engineer and fireman belonging to "Kearsarge Company;" the Hook and Ladder Company, "City of Concord" (20 men). There are seven horses, owned by the department, kept at this station.

The Alert Hose Company (13 men), located on Washington street, has a modern hose wagon, and has a horse at the house at all hours.

The Good Will Hose Company (13 men), located on the corner of Concord and State streets, has a modern hose wagon, and has a horse at the house at all hours.

All the members, excepting steward, assistant steward, and three drivers at the Central Fire Station, are call men.

The Precinct companies have swing harnesses on all apparatus.

The "Pioneer" steamer, at Penacook (28 men), is a fourth-class Silsby, with second-class Amoskeag reel (4 wheels). The steamer can be drawn by hand or horses, as necessity requires.

The Cataract Company (30 men), at West Concord, has a Hunneman 6-inch cylinder hand-engine, and a second-class 4-wheel reel, Amoskeag make, drawn by one horse and provided with swing harness.

Old Fort, at East Concord (30 men), has a 5-inch cylinder Hunneman hand-engine.

In conclusion we wish to express thanks to His Honor Mayor Clapp for the interest he has shown in this department, and his warm support of it; to the fire committee we are under many obligations for favors during this year; to the police department for their services, which have been prompt and well managed, and to the members of the department for their interest in all the details of the service.

CHARLES A. DAVIS,  
*Chief Engineer.*

Hunneman 6-inch cylinder hand-engine; one hose jumper, drawn by hand; one four-wheel Amoskeag reel, drawn by one horse.

REGULATIONS OF THE CONCORD PRECINCT FIRE  
DEPARTMENT.

ADOPTED BY THE BOARD OF ENGINEERS, AUGUST, 1888.

---

ARTICLE 1. Any engine or hose company running out a line of hose from a hydrant or steamer shall be entitled to the pipe, although the hose of other companies may be attached in order to reach the fire; and any company coming to a fire, and finding an incomplete line of hose laid out from a hydrant or steamer, shall attach to and lengthen out such line in lieu of laying a line of its own.

ART. 2. When two or more engine or hose companies are playing in a continuous line, the pipe shall belong to the company attaching to the hydrant or steamer, as provided in the foregoing article; but any company furnishing the *entire* line, and receiving water from a steamer, the pipe shall belong to such company so receiving.

ART. 3. Each engine and hose company shall have equal claim to the hydrants; but it is enjoined upon the engine companies to draught their own water from a reservoir, whenever a suitable one can be found within a reasonable distance.

ART. 4. No company shall take possession of a hydrant or reservoir, unless their hose and apparatus for attaching to the same are at hand and ready for use. The company which shall be thus ready shall be entitled to such hydrant or reservoir; but, upon the order of an engineer, another company may attach a second line of hose from such hydrant or steamer, in case the same may be necessary, such company having first laid its hose, and being ready to attach the same.

ART. 5. No engineer shall interfere with, or attempt to give orders relative to the location or use of, a line of hose when he has ascertained that another has command of it, unless by consent of the engineer in charge of it, or by orders of the officer in command at the fire; and it shall be his duty to inquire whether there is an officer in charge.

ART. 6. In proceeding to, working at, or returning from, fires, noisy demonstrations are strictly prohibited, and it is required of officers of companies to maintain perfect order and decorum in their respective commands during all such service.

ART. 7. No company, while returning from a fire, will be allowed to proceed faster than a walk, and it must at all times keep on the right of the street. Drivers are strictly enjoined, in proceeding to a fire, to use the utmost care and caution consistent with promptness. Racing between companies is forbidden under any circumstances. Any collision or casualty occurring to horses or apparatus will be considered a sufficient cause for the suspension of the driver in charge at the time.

ART. 8. No member of any company shall leave the city without first informing his foreman; no foreman, or assistant engineer, without first notifying the chief engineer,—in each case the party so leaving providing a substitute.

ART. 9. In case of fire, the foreman first arriving shall be in command until the arrival of an engineer.

ART. 10. Any order issued by the chief or an assistant engineer shall be promptly obeyed.

---

#### RULES FOR DRIVERS.

The drivers shall be required to occupy sleeping apartments in the central station, each being allowed two nights off each week, from 9 o'clock p. m. to 6 o'clock a. m., upon particular nights to be designated by the steward.

They shall be at or near the station at all times, except when employed by the superintendent of streets, or absent by permission of the steward or an engineer, and shall perform such duties as the steward or chief engineer may direct.

They shall groom and take proper and trusty care of their horses; shall keep the stables clean, and the harnesses and all things pertaining to their department in order; shall have the horses harnessed as directed, and not leave the station without everything in readiness for immediate service; shall exercise their horses when required by the steward or chief engineer, and practise care and economy in feeding and general management.

In proceeding to Main street, *via* Warren street, the drivers shall trot their horses, and have them under complete control until the turn has been made.

In case of fire, the drivers shall be subject to the orders of any engineer.

## FIRE-ALARM TELEGRAPH.

## NUMBER AND LOCATION OF FIRE-ALARM BOXES.

For the purpose of uniformity in numbering the fire-alarm boxes, the city is divided into five districts, viz. :

DISTRICT 1 Embraces that section of the city north and west of Washington street, box 17 of this division being located on the *south* side of the street.

DISTRICT 2. Embraces all between School and Washington streets.

DISTRICT 3. Embraces all between Pleasant and School streets.

DISTRICTS 4 and 5. Embrace all south of Pleasant street.

The first figure of the box number will indicate the district.

## DISTRICT No. 1.

- 13. Franklin and Rumford.
- 14. State and Penacook.
- 15. Main and Church.
- 16. Franklin and Jackson.
- 17. Alert Hose House.
- 18. Greeley & Todd's store.

## DISTRICT No. 2.

- 23. Main and Chapel.
- 24. Main and Centre.
- 25. Main and School.
- 26. Centre and Union.
- 27. School and Merrimack.

## DISTRICT No. 3.

- 32. Warren and Pine.
- 34. Central Fire Station.
- 35. Main and Pleasant.
- 36. Pleasant and Spring.
- 37. Junction Pleasant and Washington.

## DISTRICT No. 4.

- 41. South and Thompson.
- 42. Good Will Hose House.
- 43. Main and Fayette.
- 45. L. B. Hoit's store.

- 46. Perley and Grove.
- 47. South, opposite Downing.
- 48. Thorndike and South.
- 49. West and Mills.

## DISTRICT No. 5.

- 52. Turnpike and Allison.
- 56. S. Paul's School.

## PRIVATE BOXES.

- 5. Concord and Northern Railroads—north end Passenger Depot.
- 6. The Abbot-Downing Company.
- 7. New Hampshire Asylum for the Insane.
- 8. Page Belting Company.
- 33. State-house.

Names of key-holders will be found on the boxes.

## FIRE-ALARM SIGNALS.

1. Alarms rung in from boxes 41, 42, 43, 45, 46, 47, 48, 49, and 56, will *not* be responded to by the Alert Hose until signalled. The signal to proceed to the fire will be a second alarm; the signal of dismissal, *three strokes* of the bells.

2. Alarms rung in from boxes 13, 14, 15, 16, 17, 18, 23, 26, and 56, will *not* be responded to by Good Will Hose until signalled. They will be governed by the same signals as the Alert Hose.

3. *Eleven consecutive strokes* of the bells, following any regular box alarm, or during any fire, is a call for the relief steamer (Gov. Hill).

4. *Two rounds* of each *eleven strokes* of the bells, with an intermission of one minute between the rounds, without any regular box alarm, will signalize the requirement of a steamer from outside the Precinct, and will be responded to by Kearsarge and Eagle Hose companies alone. In case further aid is necessary, the box-alarm 34 (Central Station) will follow.

(These rounds of eleven strokes, which are signals for the relief steamer, or a call from out of town, must not be confounded with an alarm from private boxes 5, 6, 7, or 8.)

From the above, it will be seen that the companies are subject to calls as follows :

*Steamer Kearsarge and Hose*—To all calls.

*Eagle Hose*—To all calls.

*Hook and Ladder*—To box alarms only.

*Alert Hose*—To box alarms only above Pleasant street, all private boxes, and upon second alarm to boxes below.

*Good Will Hose*—To box alarms only below Centre street, all private boxes, and upon second alarm to boxes above.

The signal for dismissal (three strokes) is used only for the purpose of notifying the companies *not* on duty that their services are not required, and does not imply that the fire is out, or that the companies *on* duty are dismissed.

---

#### TESTING SIGNALS.

For the purpose of testing the condition and accuracy of the fire-alarm telegraph, a box alarm will be rung in every Monday afternoon at 4:30 o'clock *precisely*. It will be *one single round only*, indicating by the strokes on the bells the number of the box ; and the box will then be cut out, and no additional round sounded. The boxes used for this purpose will vary each week, alternating in the circuits.

Upon each other week-day a single blow upon the bell will be struck from the button of a box, alternating as before mentioned.

---

#### THE FIRE-ALARM TELEGRAPH

Is the "Gamewell" patent. It embraces twenty-four miles of wire on the main lines, and seven miles of extension wire for call-bells.

On the main line are twenty-six fire-alarm boxes belonging to the city, and five private boxes,—in all, thirty-one. There are three alarm bells,—one of 3,724 pounds (bell-metal), one of 3,740 pounds (bell-metal), and one of 2,000 pounds (American steel). There are also seven engine-house gongs, four mechanical tappers, one four-circuit repeater, and three indicators.

On the extension line are twenty-three call-bells.

The battery consists of 103 cups for the main line, and five cups for the extension.

The alarm was put in in 1880 by Edwin Rogers, 27 Federal street, Boston, Mass.

TABLES OF VITAL STATISTICS.
