## REPORT OF THE CITY MARSHAL.

---

Concord, December 31, 1903.

Gentlemen:—I have the honor herewith to submit the report of the police department for the year ending December 31, 1903.

I also offer for your consideration such recommendations as I deem necessary for the welfare of the department.

### THE FORCE.

The force has undergone some changes in the past year. Officer James Kelly resigned, January 13, 1903; Officer Harvey H. Oakes resigned, February 28, 1903. Their places were filled by Special Officers Victor I. Moore and Ernest H. Walker. Officer Ernest H. Walker resigned, October 28, 1903; his place was filled by Special Officer George E. Drury, June 1st. June 1st, the regular force was increased by two additional men, special officers, Clark D. Stevens and Cordon A. Lowell.

The organization of the police department at the present time is as follows:

### POLICE COMMISSIONERS.

Josiah E. Dwight, Giles Wheeler, Myron J. Pratt.

Marshal, James E. Rand, appointed patrolman, April 16, 1861; captain, April 16, 1891; assistant marshal, April 16, 1894; city marshal, January 27, 1902; took oath of office, July 1, 1902.

Assistant John E. Gay, appointed special officer April 2, 1894; patrolman, August 6, 1894; resigned as patrolman, March 28, 1900; appointed special officer, June 15, 1900; patrolman, April 24, 1901; assistant marshal, July 1, 1902.

Captain night watch, Daniel S. Flanders, appointed special officer, June 26, 1886; patrolman, January 26, 1889; captain, January 1, 1895.

## PATROLMEN.

Whitney D. Barrett,	appointed	Jan. 24,	1893
Charles H. Rowe,	"	Dec. 10,	1895
Samuel S. Batchelder,	"	Dec. 5,	1897
Hoyt Robinson,	"	March 28,	1900
Christopher T. Wallace,	"	Nov. 26,	1901
Samuel Rodd,	"	Nov. 12,	1902
Victor I. Moore,	"	Jan. 17,	1903
Clark D. Stevens,	"	March 7,	1893
Cordon A. Lowell,	"	Jan. 7,	1903
George E. Drury,	"	June 6,	1903

Out of thirteen officers, which constitute the force at the present time, two are stationed at Penacook, leaving eleven in the city proper for day and night duty. At no time during the twenty-four hours are there less than two men on duty in the city proper.

The night officers on the four outside beats change their beats every week, giving each officer a chance to get familiar with the outside beats and that portion of the city that they cover, which I consider is of advantage to the officers and a benefit to the public.

## SPECIAL RESERVE OFFICERS.

George H. Silsby, captain,	appointed,	March 18,	1879
Orrin H. Bean,	"	Jan. 26,	1889
Willie A. Little,*	"	Jan. 27,	1885
W. H. H. Patch,	"	Jan. 27,	1891
Alvin H. Urann,	"	March 17,	1891
George N. Fellows,	"	April 30,	1897
Thomas P. Davis,*	"	May 29,	1893
Irving B. Robinson,*	"	May 14,	1889
Charles E. Kelley,*	"	Jan. 27,	1891
James Jepson,	"	Aug. 30,	1899
Oliver J. Raymond,	"	Dec. 28,	1900
Joseph A. Flanders,	"	May 17,	1901
George G. Allen,	"	Aug. 15,	1901
Elbridge F. Akeley,	"	Oct. 30,	1903
Fred S. Pendleton,	"	May 12,	1903

The statistical portion of my report, which is hereto attached, gives you a complete account of the work done by the department during the year ending December 31, 1903.

\* Have been regular officers.

## EXPENDITURES.

Regular appropriation . . . . .	\$11,607.24
Special appropriation . . . . .	1,135.35
	<u>\$12,742.59</u>

## DISBURSEMENTS.

Fuel, city . . . . .	\$526.96
Fuel, Penacook . . . . .	178.62
Helmets and buttons . . . . .	47.50
Horse hire, city . . . . .	26.50
Horse hire, Penacook . . . . .	7.00
Board and shoeing of horse . . . . .	265.00
Ice . . . . .	2.16
Incidentals . . . . .	211.99
Lights, city and Penacook . . . . .	148.30
Salaries, regular, (marshal), deputy captain, 10 patrolmen . . . . .	10,383.84
Special . . . . .	326.95
Janitor . . . . .	270.00
Telephone, private line . . . . .	154.77
Water . . . . .	43.00
Police commission . . . . .	150.00
	<u>\$12,742.59</u>

The following table exhibits an abstract of the miscellaneous duties performed by the police in addition to the number of arrests:

Number of duty calls rung in on police signal, from January 1, 1903, to December 31, 1903	37,402
Called to quell disturbances . . . . .	42
Stray teams found and cared for . . . . .	10
Stray horses found and cared for . . . . .	5
Number of times city ambulance required . . . . .	113
Number of breaks reported . . . . .	2
Number of breaks in water-pipe reported . . . . .	3
Bicycles found on street . . . . .	76
Number of callers received at station . . . . .	8,080
Complaints received and investigated . . . . .	310
Number of officers made liquor searches . . . . .	30

## POLICE DEPARTMENT.

273

Number of officers attended fires . . . . .	97
Number of times horse used . . . . .	1,286
Number of prisoners taken to jail . . . . .	32
Number of street lights reported out . . . . .	132
Number of police lights extinguished . . . . .	3,637
Number of obstructions reported . . . . .	7
Lost children returned to parents . . . . .	6
Number of officers assisting in taking persons to state hospital . . . . .	15
Number of telephone calls in city answered . . . . .	6,300
Number of telephone calls out of city answered . . . . .	463
Number of doors tried, including Penacook . . . . .	514,726
Number of doors found open and secured, includ- ing Penacook . . . . .	346
Number of doors found open at Penacook . . . . .	12

By reference to the foregoing table it will be seen that there were a large number of doors found open and secured. This shows the thorough work done by the patrolmen and undoubtedly prevented larcenies that might otherwise have occurred.

## LODGERS.

The number of persons furnished lodgings at the police station in 1903 exceeds that of 1902. In most cases they are able-bodied, robust-looking men, whose ages range (as the table below shows) from 18 years to 80, roaming over the country, sleeping in barns and station-houses, looking for work, but never finding it.

The past season we have sent several to the house of correction for vagrancy, but the county has to board and clothe them, and it is only a vacation for them to get fed and cleaned up.

Now, the question confronts us, What shall we do with them? That question I will let some one else answer.

NUMBER AND AGES OF THE PERSONS APPLYING FOR  
LODGINGS.

Whole number of lodgers, including Penacook . . . . .	1,160
Number at Penacook . . . . .	310
Males . . . . .	1,159
Females . . . . .	1
Married . . . . .	42
Single . . . . .	1,118

Plumbers,	2		
Quarrymen,	14		1,160

## REMARKS AND RECOMMENDATIONS.

On June 1st the regular force was increased by two additional officers. At that time there were two new beats established, one at the South end, the other at the West end. Prior to that time there had only been one officer on duty south of Pleasant street. Now the territory is covered as far south as Allison street from Main to South, which is duly appreciated by the residents in that section of the city. At the West end and in the vicinity of White park there has been a marked improvement since the streets were patrolled by an officer. And on Sunday afternoon, during the summer months, there has been an officer on duty at White park, which has been greatly appreciated by all law-abiding citizens and the public in general.

In that part of the city known as Fosterville, which is very thickly settled with the laboring class of people of different nationalities, there is no regular officer. During

the summer months there has been an officer stationed there Sundays, which is all right as far as it goes. But in my opinion there should be a regular night officer on duty there all of the time.

#### POLICE SIGNAL SERVICE.

The present signal service is a source of some annoyance and inconvenience as it is out of working order quite a good deal, but we are in hopes of getting something better in the future.

During the past year there has been one new box (Box 16) added to the service, which is located on Center street, near the entrance of White park.

When the new buildings now being built by the Durgin Silverware company are completed and occupied, it will undoubtedly increase the population in that section of the city and I would respectfully recommend one more new box, to be located near the junction of Franklin and Rumford streets.

#### LOCATION OF POLICE SIGNAL SERVICE BOXES.

- Box 1, South Main and State Sts.
- Box 2, South Main and West Sts.
- Box 3, South Main and Concord Sts.
- Box 4, South Main and Pleasant Sts.
- Box 5, North Main and School Sts.
- Box 6, North Main and Park Sts.
- Box 7, North Main and Washington Sts.
- Box 8, North Main and Church Sts.
- Box 9, North State and Penacook Sts.
- Box 10, North State, opp. cemetery.
- Box 11, West Concord.
- Box 12, Penacook.
- Box 13, Washington and Union Sts.
- Box 14, South and Thompson Sts.
- Box 15, South and Downing Sts.
- Box 16, White park.

#### POLICE STATION.

The present police station was built in the year 1890 and the outside woodwork has not been painted since. Should it meet with your approval I would respectfully recommend that it be painted in the near future. The inside is in fairly good condition.

In the past year there has been a new boiler put in to take the place of the old one, which had outlived its usefulness. Hot water has been installed—something the building never had before—and is very much appreciated by the force and all others who have occasion to use it.

Cell No. 9 has been set aside and furnished with bed and bedding to be used only for women, a much needed and humane improvement.

#### STABLE.

Once more I will respectfully call your attention to this important matter. As I have said before, in case of fire or an accident where the ambulance is wanted quickly, or where an officer is holding a prisoner at a box half a mile away, or any other emergency calls, five minutes at that time seems an age and the horse being so far away there are more or less delays in making a quick start. I would most earnestly recommend the erection of a stable the coming season, sufficient in size to accommodate the wants of the department; also the appointment of a permanent janitor to fill the position of janitor, hostler and driver, which in my opinion would add very much to the efficiency of the department.

#### CRIME.

During the past year there has been only two cases of burglary where the goods taken were of much value, one in the city proper, the other in the suburbs. In the first case the guilty party was apprehended and is now serving time at the state prison. In the other case the stolen goods, which were of greater value, were found the next day after the break secreted in the woods near by and returned to the owner in a slightly damaged condition.

There have been a few other sneak robberies but the amount of property stolen was in the aggregate small and in most cases recovered.

There have also been a number of bicycles stolen, some of which have been recovered. Many of the latter class of thefts would be prevented if the owners would take the precaution to lock them when leaving them in public places, thereby saving themselves loss and annoyance.

There has also been some petty thieving among our juvenile class of offenders. The property stolen is of little value and we are in hopes the coming year to make a better report about this class of youthful offenders.

## CONCLUSION.

I am pleased to commend to your attention the good work of the officers and members of the present force. They have been vigilant and attentive to their duties and have cheerfully responded to all calls made upon them for extra service, and I sincerely extend my thanks to them for the cordial support they have given me.

In concluding this report, permit me to return thanks to the honorable mayor and city council for the support you have given me; also to the board of police commissioners, judge of police court, and City Solicitor Edmund S. Cook, all of whom have been very kind, considerate and accommodating at any and all times; and to all others who have contributed to our success we extend our thanks.

Respectfully submitted,

JAMES E. RAND,  
City Marshal.

## REPORT OF THE SANITARY OFFICER.

---

*To the Board of Health of the city of Concord, N. H.:*

GENTLEMEN:—Complying with the provisions of the city ordinance I herewith submit my report for the year ending December 31, 1903. For statistical data I refer you to the accompanying tabulated report, mortality. The total mortality from all causes was 397, a death rate of 13.05 per 1,000 inhabitants.

The detail work of this department has not differed materially from that of former years. The work has been fully up to the standard, and, as a rule, has been prosecuted with energy and promptness.

There is, from year to year, an increasing demand upon this department in all branches of its duties. Nuisances that a few years ago no one would think of complaining about will not now be tolerated.

The greatest increase of work in any direction has been in disinfection. We are constantly being called upon to disinfect after death from various causes aside of contagious diseases.

### CONTAGIOUS DISEASES.

The number of cases of diseases classed under the head of contagious occurring in the city during the year just passed was 682, an increase of 595 over the preceding year. This increase was mostly in the number of cases of measles which was 555 more than in 1902.

### SCARLET FEVER.

In scarlet fever there was an increase of 33. This increase was due to an outbreak in a mild form at the Orphans' Home

in Millville, and it is gratifying to report that no deaths have resulted therefrom.

#### DIPHTHERIA.

The total number of cases was 42, an increase of 13 over the previous year, with a mortality of 4. The outbreak of this disease at the parochial school on October 1 was of a seriously alarming nature, by reason of mild cases continuing in school, but a daily inspection of the school fully demonstrated that infected children are often permitted to attend school before their malady has been detected or determined, as can be shown by experience of the board in the past.

#### TYPHOID FEVER.

The record of typhoid fever is 17 cases compared with 23 in 1902, with three deaths in each year. The larger number of cases trace their origin to sources outside the city.

#### SMALLPOX.

There is much cause for satisfaction and congratulation in the fact that we have had but two cases of smallpox in the city during the year. As soon as these cases were reported the board immediately took complete charge of the cases, and by promptly removing the patients to the detention hospital, vaccinating all persons exposed to the contagion, and thoroughly disinfecting the premises we have prevented smallpox from obtaining a foothold.

## CONTAGIOUS DISEASES.

The following table shows the number of contagious diseases reported during each month of the year and the deaths resulting therefrom :

MONTHS.	Diphtheria.		Scarlet fever.		Typhoid fever.		Small-pox.		Measles.	
	Cases.	Deaths.	Cases.	Deaths.	Cases.	Deaths.	Cases.	Deaths.	Cases.	Deaths.

## NUISANCES, COMPLAINTS, AND INSPECTIONS.

A statement of the number and character of the nuisances which have been abated by this department during the year appears below:

Accumulation of decayed fruit and coal ashes	15
Bad sink drainage . . . . .	9
Broken sewer traps . . . . .	7
Catch basins not trapped . . . . .	8
Dead animals . . . . .	18
Decayed meat . . . . .	3
Dumping rubbish . . . . .	10
Filthy cellars . . . . .	6

Filthy swill barrels . . . . .	4
Filthy yards . . . . .	10
Filthy alleyways . . . . .	6
Keeping hens . . . . .	8
Keeping hogs . . . . .	9
Offensive manure heaps . . . . .	12
Offensive privy vaults . . . . .	15
Offensive odor in house . . . . .	18
Offensive odor from stables . . . . .	9
Sinks found without traps . . . . .	5
Stagnant water . . . . .	4
Street sewers obstructed . . . . .	5
Throwing slops in street . . . . .	7
Water closets foul and offensive . . . . .	10
Water in cellar . . . . .	10
Wells condemned . . . . .	4
Complaints made without cause . . . . .	8
Total . . . . .	<u>220</u>

## HOUSE INSPECTION

Dwelling houses inspected . . . . .	84
Tenement houses . . . . .	162
Stores . . . . .	12
Stables . . . . .	23
Schoolhouses . . . . .	22
Penacook lake . . . . .	6
Total . . . . .	<u>309</u>

## INSPECTION OF PLUMBING.

The number of inspections made will be found in the table herewith annexed :

Plumbing permits granted . . . . .	143
Water closets put in . . . . .	201
Bath tubs put in . . . . .	96
Urinals put in . . . . .	13
Wash trays put in . . . . .	38

Sinks put in . . . . .	143
Slop sink put in . . . . .	1
Shower baths . . . . .	2
Wash bowls put in . . . . .	124
Drinking fountains . . . . .	1
Number sewers . . . . .	62
	<hr/>
Total . . . . .	300

## SUMMARY.

Houses placarded in cases of contagious diseases . . . . .	499
Placards removed . . . . .	499
Visits made to contagious diseases . . . . .	1,628
Rooms fumigated . . . . .	410
Churches and schoolhouses fumigated . . . . .	13
Electric cars fumigated . . . . .	4
Hacks fumigated . . . . .	18
Wards at hospitals fumigated . . . . .	5
Pieces of bedding and clothing burned . . . . .	6
Burial permits issued . . . . .	397
Burial permits issued to non-residents . . . . .	80
Transfer permits issued . . . . .	112
Garbage licenses issued . . . . .	17
Number of reports of contagious diseases sent to state board of health . . . . .	30
Number of mortuary reports sent in exchange to other cities . . . . .	984
Number of vaccination certificates issued for children to attend school . . . . .	600
Number of collections of food for analysis at the laboratory . . . . .	20

In conclusion I desire to return my sincere thanks to the board of health, to his honor the mayor, to the city council, and all city officials with whom I have had dealings, for their uniform kindness, and courtesies received at their hands.

Respectfully submitted,

CHARLES E. PALMER,  
*Sanitary Officer.*

# MORTALITY REPORT.

## REPORT OF CITY ENGINEER.

---

OFFICE OF THE CITY ENGINEER,

CONCORD, N. H., December 31, 1903.

*To the City Council:*

The eleventh annual report of this department is herewith respectfully submitted, together with a statement of the expenditures in the city sewer precinct, the West Concord precinct, the East Concord precinct, and the St. Paul's school precinct.

With an approximate area of sixty-four square miles within the town lines, we have a population of about 20,000; 175 miles of streets and highways laid out by the proper authorities, and several alleged highways.

We have 32.651 miles of sewers in the city precinct; 3.389 miles in the West Concord precinct; 0.334 miles in the East Concord precinct; 1.212 miles in the St. Paul's school precinct, and 4.581 miles in the Penacook precinct, making a total of 42.167 miles in the city limits.

Our water-works are owned by the city and have 61.80 miles of mains.

There are 15 miles of single track, single trolley, street railway in operation, which is not owned by the city.

The work of this department has been as promptly attended to as was possible with the small force employed, and our relations with the other departments have been harmonious.

The courtesies extended by the other departments have been fully appreciated, as have also the support of the mayor and the members of the city council.

Such time as could be spared from the work under way has

been spent on the general survey of the city, the general outline of which has been covered. There remains a considerable amount of work to be done in filling in details of ponds, streams, etc.

The condition of our sewers in some districts has not improved the past season, and I would renew the recommendation previously made, that some definite general plan be adopted for future additions and also for the remodeling and proper reconstruction of some of our main outlets.

The conditions in certain sections during and after ordinary rains would seem to indicate the need of some attention from the city council.

There has been deposited with the city treasurer, to the credit of the city precinct, the sum \$106.22 for rent of pumps, rent of hoister, sale of material, and money paid by the Concord Street railway for changes made necessary when changing their tracks, for which the clerk of the committee on sewers and drains holds the treasurer's receipts.

The employees of this department have been Edward H. Henderson, principal assistant; Edward J. Murphy, transitman; Carl D. Kennedy, Henry Leaver, and Edward G. Underhill, rodmen, all of whom have rendered valuable assistance in their respective positions.

The expenses of the department have been as follows :

Paid engineer and assistants . . . . .	\$2,672.50
for supplies . . . . .	121.96
car fares, postage, and express . . . . .	75.32
repairs . . . . .	2.11
livery . . . . .	128.50
fuel . . . . .	130.23
	<hr/>
Total . . . . .	\$3,130.62
Appropriation . . . . .	3,100.00
Overdrawn . . . . .	30.62

Our appropriation would not have been overdrawn had it not been for the fuel bill, which was 160 per cent. in excess of last year's charge.

## NEW SEWERS.

## BROADWAY, NEAR ROLLINS PARK.

94 feet of 8-inch Akron pipe.

Paid for labor	. . . . .	\$20.95
pipe	. . . . .	22.00
trucking	. . . . .	1.00
tools	. . . . .	3.31
		<hr/>
		\$47.26

Average cost per foot, \$0.502+.

Material excavated, sand.

## FRANKLIN STREET, WEST OF HIGH STREET.

386 feet of 10-inch Akron pipe.

Paid for labor	. . . . .	\$293.12
pipe	. . . . .	122.78
brick	. . . . .	20.80
cement	. . . . .	15.00
castings	. . . . .	22.70
trucking	. . . . .	4.25
oil	. . . . .	2.10
tools	. . . . .	36.17
		<hr/>
		\$516.92

Average cost per foot, \$1.339+.

Materials excavated, gravel, boulders, and hardpan.

## KIMBALL STREET, SOUTH OF PILLSBURY STREET.

282 feet of 10-inch Akron pipe.

Paid for labor	. . . . .	\$75.17
pipe	. . . . .	82.76
brick	. . . . .	8.50
cement	. . . . .	10.00
castings	. . . . .	11.35
trucking	. . . . .	4.00
oil	. . . . .	.70
tools	. . . . .	14.48
		<hr/>
		\$206.96

Average cost per foot, \$0.733+.

Material excavated, sand.

## GREEN STREET, NORTH FROM SCHOOL STREET.

284 feet of 10-inch pipe.

Paid for labor	. . . . .	\$204.64
pipe . . . . .	. . . . .	89.60
brick . . . . .	. . . . .	11.90
cement . . . . .	. . . . .	7.50
castings . . . . .	. . . . .	14.28
trucking . . . . .	. . . . .	8.00
oil . . . . .	. . . . .	.70
highway department	. . . . .	5.23
tools . . . . .	. . . . .	25.71
		<hr/>
		\$367.56

Average cost per foot, \$1.294+.

Material excavated, sand.

## EASTMAN STREET, SOUTH OF PILLSBURY STREET.

280 feet of 10-inch Akron pipe.

Paid for labor	. . . . .	\$76.16
pipe . . . . .	. . . . .	103.49
brick . . . . .	. . . . .	8.50
cement . . . . .	. . . . .	7.50
oil . . . . .	. . . . .	.70
tools . . . . .	. . . . .	14.77
		<hr/>
		\$211.12

Average cost per foot, \$0.750+.

Material excavated, sand.

## CARTER STREET.

663 feet of 12-inch and 31 feet of 10-inch pipe.

Paid for labor	. . . . .	\$224.05
pipe . . . . .	. . . . .	294.09
brick . . . . .	. . . . .	19.55
cement . . . . .	. . . . .	15.00
castings . . . . .	. . . . .	22.97
trucking . . . . .	. . . . .	2.25

## CITY ENGINEER.

299
