CLASS MOTTO

"Certainly in our little sphere, it is not the most active people to whom we owe the most - - - . It is the lives like the stars, which simply pour down on us the calm light of their bright and faithful being, up to which we look, and out of which we gather the deepest calm and courage —*Phillips Brooks.*

During the year the work in English Composition has been based on Concord History The dramatizations that illustrate the afternoon's program are a demonstration of the work accomplished, as both the compositions and adaptations are the work of the pupils
