LOCATION OF POLICE SIGNAL BOXES.

- Box 1. Bridge Street and Stickney Avenue.
- Box 2. South Main and West Streets.
- Box 3. South Main and Concord Streets.
- Box 4. South Main and Pleasant Streets.
- Box 5. North Main and School Streets.
- Box 6. North Main and Park Streets.
- Box 7. Washington, between North Main and State Streets.
- Box 8. North Main and Church Streets.
- Box 9. North State and Penacook Streets.
- Box 10. Curtice Avenue and North State Street.
- Box 11. West Concord, opposite Shepard's store.

- Box 12. Penacook (square).
- Box 13. Center, opposite Union Street.
- Box 14. South and Perley Streets.
- Box 15. Broadway, corner Carter Street.
- Box 16. Center and Pine Streets.
- Box 17. Pleasant and South Streets.
- Box 18. School and Giles Streets.
- Box 19. Beacon and Rumford Streets.

RECOMMENDATIONS.

I recommend that a suitable room be constructed for the detention of women and juveniles, and that the old ward room be remodeled into a guard-room for the officers.

I think that a pulmotor would be a good asset for the department.

CONCLUSION.

The new combination auto patrol and ambulance has added efficiency to the department. Calls are attended to much more quickly, and it is much more satisfactory than the horse-drawn vehicle.

I desire to extend my sincere thanks to His Honor the Mayor and to the members of your honorable board for the courteous treatment and cordial support I have received at your hands in discharging the duties of the office. I also extend my heartfelt thanks to Judge Clark, City Solicitor Murchie, Clerk Robinson, and all others who have assisted during the year. To the members of the police department, I have only words of praise for the manner in which they have performed their duties.

Respectfully submitted,

GEO. A. S. KIMBALL,

City Marshal.

FIRE DEPARTMENT.

REPORT OF CHIEF ENGINEER.

To the Board of Aldermen:

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1915.

The department responded to 49 bell alarms and 295 still alarms.

In addition, two fires occurred, entailing loss, for which no alarms were given, making a total of 346 for the year, an increase of 33 compared with the record of the previous year.

	Bell.	Still.	No alarm.	Total.
Precinct,	27	227	1	255
Penacook,	8	38	1	47
East Concord,	9	12	21
West Concord,	5	18	23
	—	—	—	—
	49	295	2	346

This report will be found to contain statements in detail embracing the amount of expenditures, a complete roll of the department with residence and occupation of each member, a record of all fires and alarms which have occurred during the year and the causes thereof as nearly as could be ascertained, with the names of the owners or occupants and the value, loss, insurance, and insurance recovered in each case.

But two really dangerous fires occurred during the year, those of July 24 and August 5, the First Methodist Church and the State Hospital.

Two auto combination cars were placed in commission during the year,—one Winton six-cylinder at the Good Will station, and one White four-cylinder at the Old Fort station, making a total of four now in the department. All are fully meeting expectations.

Three horses were disposed of, two by way of sale, and one in trade for another.

The complement of hose was increased by 800 feet.

One motor-generator charging outfit for charging storage batteries was also purchased.

The apparatus is in good condition and no extensive repairs were required during the year.

The fire alarm telegraph system is also in good condition.

At an expense of approximately \$500 a new battery rack was placed in position and all of the battery elements were renewed. No alarm boxes were added.

The alarm system at Penacook is also in good condition, and one new box was installed.

It is a well known fact that in a few sections of the city conditions relative to water pressure are not of the best. To remedy these conditions I respectfully recommend the purchase of an auto combination pumping engine and hose car. I would also respectfully recommend the purchase of 500 feet of 2½-inch hose.

As inspector of wires I would report that what little there has been to do in the line of removing dead wires and remedying defects has been attended to.

As inspector of buildings I would report that property owners are yielding cheerful compliance to the requirements of the fire escape law; that several buildings have been equipped during the year and plans have been drawn for many more.

On June 7, upon invitation of Mayor French and myself, the Fire Chiefs' Club, of Massachusetts, of which we are members, visited the city and were given a demonstration of protective facilities in the business section.

I wish to give assurance that the action of your honorable body in providing for the entertainment of the guests was thoroughly appreciated by all concerned.

During the month of September, I had the pleasure of attending the convention of the International Association of Fire Engineers held at Cincinnati, a report of which I rendered at that time.

I wish again to take occasion to thank your honorable body for the opportunity afforded me to attend.

Respectfully submitted,

W. C. GREEN,
Chief Engineer.
