MUNICIPAL REGULATIONS.

FOR PAYMENT OF BILLS AGAINST THE CITY.

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

HENRY E. CHAMBERLIN,
City Clerk.

MAYOR FRENCH'S FIFTH INAUGURAL ADDRESS.

JANUARY 22, 1918.

Ladies and Gentlemen:

In reassuming the duties of mayor, I desire to express my deep appreciation of the honor conferred upon me by my selection, for a fifth term, as chief magistrate.

During my past administrations, economy in the expenditure of the taxpayers' money has always been my watchword, recognizing the fact that they should be relieved as much as possible from the burdens necessarily placed upon them. It is well not to forget that we are the city's servants; that indifferent attention to the business affairs of the city will produce only indifferent results; that the city demands a thorough business administration economically managed as a good business man manages his own private business affairs, being as careful as if we were working for ourselves and spending our own money instead of the money of others. By keeping these sentiments in mind and remembering that we do not represent any political parties in the transaction of our city affairs, I feel, as I have said before, that I have been fair and impartial to all in my conduct of city affairs. Striving always to do that which is for the best interests of all, I have been independent, all will admit, and I think that we all should retain all of our independence especially at this time. The fact that my recommendations have not generally been adopted and that I have been returned for the fifth time by the people, for which I thank them, bears me out when I say to you that the people of this city approved of the principles for which

I have stood and still desire my recommendations carried into effect.

With war prices staring us in the face, labor of all kinds demands higher wages. I shall not promise you a lower tax rate, but I will endeavor, if possible, not to have it any higher than the present rate. In supervising the expenditures of the people's money for municipal purposes, I would urge that we all gain as much personal knowledge as possible of the actual conditions and needs of the city. This course properly followed, I think, will be of great advantage to the taxpayers. I shall now take up the various departments of the city, making such recommendations as I think necessary.

FIRE DEPARTMENT.

No city the size of Concord has a better fire department. The personnel of this department cannot be easily improved; from the chief down the men are steady, honest and faithful in the discharge of their duties. In this department I think the city gets the worth of its money. Horse-drawn fire apparatus has become almost a thing of the past. Our fire department has been motorized in the past few years to a larger extent than any other city of its size in New England. Recognizing this fact, I shall recommend that steps be taken to have the insurance companies doing business in our city give to the people a lower rate, instead of asking for more efficiency in this department when there is no occasion for an act of this kind. I am not in favor of the purchase of any more motor-driven fire apparatus at this time.

POLICE DEPARTMENT.

An efficient police department is necessary in every city for the safety of individuals and for the protection of property. Experienced men are much more effective as

police officers than new ones can be. The salaries of all the regular police officers are approximately one thousand dollars each per year and for this amount I think the city is entitled to the service of able-bodied men and to their entire attention to the duties of the work. I recommend that they be granted one day off in every fifteen.

LIGHTING STREETS.

Well lighted streets are a necessity for the safety and convenience of the public and I am pleased that I can say that our streets are as well lighted as any city of its size in New England without any additional expense to the taxpayers. The public service charge placed upon all gas meters owned by the Concord Light & Power Company is not accepted by those that use gas very cheerfully. This matter is now in the hands of the Public Service Commission for further consideration. This is due to a protest by a petition sent them by the Central Labor Union opposing the twenty-five cent charge. I think the rate on gas in Concord, N. H., is excessive. Why should the consumer be obliged to pay \$1.25 per thousand feet for it? Just consider this proposition for a moment. Second only to a water plant, a gas plant is the greatest necessity in the line of public utilities. Many cities in this country and abroad own their gas plant, and the cost to the consumer has been cut in half. As I have said before, it would not be so difficult a matter for the city of Concord to build a gas plant, or perhaps the present plant here situated might be taken over at a fair physical valuation, all consideration of the value of the franchise, which of course is the property of the city in the first instance, being eliminated. This matter I think is worthy of your consideration.

PARKS.

Our parks are in excellent condition. For this our superintendent is deserving of much credit. Our public

playgrounds are in very good condition, and I recommend a sufficient sum of money be appropriated to make them up-to-date playgrounds.

SCHOOLS.

Too much good cannot be said in regard to our public schools. The education of the youth of the city is one of most importance of city administration. Much criticism has been expressed against the Board of Education in the method they have pursued in transporting scholars from the outlying districts on the ground that they will carry scholars to all grades except the High School. This matter should be considered and acted upon at the next meeting of Union School District.

HOSPITALS.

It has been customary for years to make an annual appropriation of \$3,000 for the Margaret Pillsbury General Hospital. Since 1909 this hospital has had a restriction placed upon it which was a direct financial saving to the taxpayers of this municipality. During the past administration this restriction was removed to such an extent that the taxpayers suffered a financial loss. I recommend that this appropriation continue with the same restriction that was upon it from 1909 to 1916. I also recommend that \$1,000 be appropriated to aid the Memorial Hospital on South Street. Both of these hospitals are doing excellent work among our worthy poor and deserve all the financial aid that the city can afford them.

PUBLIC COMFORT STATION.

On several occasions my attention has been called to the fact that a public comfort station for men, women and children is greatly needed. Almost every city in the land maintains a station of this kind. I recommend for your approval the erection of a public comfort station. I think

this would be a direct benefit to all and is worthy of your consideration. Five thousand dollars was appropriated for this purpose in my former administration, but the money as yet has not been expended. Where did this money go?

HEALTH DEPARTMENT.

We all recognize the importance of this branch of the city government and its efficient management. Our city ranks second in health and cleanliness among the cities of the United States. I especially commend this department for its efforts to see that the inhabitants of the city are furnished with milk produced under sanitary conditions. I am glad to say that all plumbing is examined by and taken charge of by our sanitary officer.

LABOR.

The laborers of our city are all worthy of our consideration, and I think that they should be granted the same privileges as our salaried officers.

SOLDIERS' RELIEF.

Those who have gone to war to fight for the establishment of universal peace throughout the land and left dependents to be cared for deserve the most generous treatment, and I trust all that is possible in this direction will be freely done, and I trust that when a case of this nature presents itself to our overseers of the poor, it will receive prompt attention.

As a people we are fond of speaking of the morale of our soldiers at home and abroad, and of doing so with a feeling of pride, and well we may. Every account, official and private, that comes from across the sea, where our regulars and many of our former National Guard are now close to the theatre of war, is to the same effect, that the boys who wear the uniform of Uncle Sam are in fine condition of

cheerfulness, and even thankfulness, that they are to be permitted to fight for the allied countries of democracy against the allied countries of autocracy. Here in the United States the same remarkable spirit is reported in every camp and cantonment from ocean to ocean. The men are full of enthusiasm, ready to train and train hard to become good soldiers and are inspired by a confidence that when their turn comes at the battle fronts they will give as good an account of themselves as American soldiers have been in the habit of giving. It is wonderful to contemplate such a feeling on the part of men who but a few months ago were all engaged in civilian pursuits and were taken away from their usual lives whether they wished it or not. But the facts are as we say. The morale of our national army men is splendid.

Is that all that is necessary for our effective part in a successful war? By no means. We, the people at home, the millions upon millions of men and women who cannot take a soldier's part in the war, must see to it that our own morale matches that of our defenders. For certainly there is a morale in every-day life as truly as among armies.

Morale, according to one of the most ponderous of dictionaries, is the "moral or mental condition as regards courage, zeal, hope, confidence and the like, especially of a body of men engaged in a hazardous enterprise, as soldiers and sailors in time of war." But the application should not and cannot end there. We are all "engaged in a hazardous enterprise." We must look to our courage, zeal, hope and confidence.

We are just now passing through some experiences that may well try our cheerfulness. But they will be overcome without serious disasters, let us hope. We have food enough, save sugar, and that famine will soon be broken. We are short of coal in a way that should never have been permitted, with no scarcity of the commodity at the mines. Unhappily there is suffering from this lack, but a few days should bring relief. Nature has been bitter and man's ef-

iciency has failed to give satisfactory results; the combination has been severe, indeed. But all the hardships have been as nothing compared to those of the troops in the trenches. Let us remember that, and take courage to press with vigor on.

In a French cartoon two soldiers are talking together. One says: "If they hold out." The other asks: "If who hold out?" The first replies: "The civilians." And there is infinite acumen in that reply, for, after all, it is usually peoples who are defeated rather than armies. Let us all do our share in upholding the morale of the American people. There lies victory.

POOR DEPARTMENT.

Our worthy poor are deserving of a great deal of our consideration. It costs the city approximately \$20,000 per year to maintain this department. I think a big saving can be made in this department to the taxpayers. I recommend at this time for your consideration the need of a purchasing agent to purchase all goods for the several departments within the limits of their appropriations. I also recommend that the City Hall basement be made a general store for the worthy poor and that a consignment of goods be placed therein known as the necessities of life and that our messenger and janitor distribute the same upon an order from the overseer of the poor; applicant to be their own carrier, therefore giving to applicants their goods without profit to anyone. I think this would be a saving to the taxpayer, also to the worthy poor, and is worthy of your consideration.

HIGHWAY DEPARTMENT.

In regard to the subject of highways generally, I am sorry to say that the present condition of our streets is not as good as they should be with the large amount of money spent upon them. Too much money has been spent on per-

manent work and general maintenance has been neglected. This should not be so. The present tendency elsewhere is away from this course, and it is only by such action that we can save enormous expenditures in the future. I suggest for your consideration the advisability of concentrating the highway and engineering department officers in one department. Have a civil engineer for superintendent of streets. By such action you will center responsibility, avoid conflict as to grades, save money and improve streets.

CONTRACTS.

I recommend that all work that is to be let out by contract be let to the lowest responsible bidder, and that residents of Concord be given a preference, all other things being equal. I also recommend that all bids or contracts be opened in the presence of the mayor. I consider this a fair proposition.

CONCLUSION.

We are a corporation with a valuation of over \$19,000,000. We have been elected as a board of directors to transact the business of this corporation and to give to the taxpayers the best returns for their money invested and that is the money raised by taxation. It is not my purpose, as I have stated above, to engage at this time in a lengthy discussion of every topic connected with your duties, but rather to impress upon your minds the necessity of giving to every subject which may be presented that careful consideration and determination which will result in the greatest benefit to our municipality.

AN ORDINANCE RELATING TO THE PROTECTION OF MINORS.

Be it ordained by the Board of Aldermen of the City of Concord as follows:

SECTION 1. It shall be unlawful for any boy under the age of fourteen years and any girl under the age of sixteen years to be upon any public street, highway, square, lane, alley, park or in any other public way or place, after the hour of nine-thirty o'clock in the evening of any day, unless such minor is accompanied by a parent, guardian or some other suitable adult person; or unless such minor is in the performance of some duty directed in writing by the parent, guardian or person in control of said minor; and no such minor while in the performance of such duty, shall loiter upon any such public way or place.

SECT. 2. Any parent, guardian or other person having the custody and control of any such minor who shall permit such minor to be in any public way or place contrary to any provision of section 1 of this ordinance shall, upon conviction thereof, be punished by a fine of not exceeding five dollars for each offense.

SECT. 3. For the first violation of this ordinance by a child coming within its provisions, such child shall be taken to its home by the police officers and the parents or guardian of such child shall be notified of the penalty for any subsequent violation. Upon any subsequent violation of this ordinance by any child, said parents or guardian shall be subject to the provisions of section 2 of this ordinance.

SECT. 4. This ordinance shall take effect upon its passage.

Passed July 31, 1917.

AN ORDINANCE AMENDING AN ORDINANCE PASSED JULY 14, 1913, RELATING TO THE REGULATION OF STREET TRAFFIC.

Be it ordained by the Board of Aldermen of the City of Concord as follows:

SECTION 1. Amend section 13 of Article 2 of an ordinance passed July 14, 1913, relating to the regulation of street traffic by adding thereto the words "nor within twelve feet of a city stand-pipe," so that said section as amended shall read as follows:

SECT. 13. No vehicle shall be allowed to stand within five feet of a fire hydrant nor within twelve feet of a city stand-pipe.

SECT. 2. Amend said Article 2 by adding thereto section 15, as follows:

SECT. 15. No vehicle shall stop for more than five minutes at a time on Warren Street between Green and Main streets, and then only for the purpose of taking on or setting down passengers, loading or unloading merchandise, and in no case shall a horse be hitched or tied, or a horse or vehicle backed up to the curb to load or unload merchandise.

SECT. 3. Amend said Article 2 by adding thereto section 16, as follows:

SECT. 16. Whenever the driver of any motor vehicle intends to leave his seat or stops for more than five minutes on the east side of Main Street between Pleasant Street and a point opposite the south side of Center Street, and on the west side of Main Street between Center Street and a point opposite the south side of Depot Street, he shall back such motor vehicle until it shall stand with its right rear wheel as nearly as possible to the curbing and shall stand at an angle of 45° to the curbing. Delivery vehicles and trucks may, while actually loading or unloading goods or merchandise, back up to the curb in said parts of Main Street.

SECT. 4. This ordinance shall take effect upon its passage.

Passed August 13, 1917.

AN ORDINANCE IN AMENDMENT OF AN ORDINANCE AUTHORIZING THE BOARD OF ASSESSORS TO EMPLOY CLERICAL ASSISTANCE.

Be it ordained by the Board of Aldermen of the City of Concord as follows:

SECTION 1. Amend section 1, chapter 18 of the Revised Ordinances, by adding in the tenth line after the word "men" the words "including driver" so that said section shall read as follows:

SECTION 1. The fire department shall consist of a chief engineer, two assistants within the precinct, one engineer each from Ward 1, Ward 2, and Ward 3; two steamer and hose companies, one company to consist of thirteen men, including driver, and one company to consist of fourteen men, including driver, one relief steamer (company) to consist of two men; two hose companies to consist of eleven men, including driver; a chemical engine company to consist of two men; a hook and ladder company to consist of twenty-one men, including driver; a house man at Central Fire Station; steamer Pioneer, not less than twenty nor more than forty men, including driver; hand engine companies No. 2 and No. 3, not less than twenty nor more than thirty men each. Each company shall be allowed three substitutes, except Hook and Ladder Company, No. 1, which shall have five, to be approved by the chief engineer. The engineers shall exercise the

powers of fire wards, and those within the precinct shall constitute the board of engineers.

SECT. 2. Amend section 28 as amended March 24, 1913, July 14, 1913, and February 12, 1917, by inserting after the words "Alert hose houses" the words "and Pioneer fire station" so that said section as amended shall read as follows: SECT. 28. The annual pay of the members of the fire department shall be as follows, and in full for all services in said department:

Chief, twelve hundred and fifty dollars per annum, house rent, light and heat; permanent force at Central fire station, at Good Will and Alert hose houses and Pioneer fire station, one thousand dollars each; the captain and lieutenants of Combination No. 1, ten hundred and fifty dollars each per annum, payable semi-monthly; assistant engineers, within the precinct, one hundred and forty-five dollars each; engineers of steamers, within the precinct, one hundred and thirty-five dollars each; captains of companies, within the precinct, each one hundred and ten dollars per annum; lieutenants of companies, within the precinct, one hundred and five dollars per annum; members of steamer, hose, and hook and ladder companies, within the precinct, and house man at Central fire station, one hundred dollars per annum; outside the precinct, engine companies Nos. 2 and 3, three hundred and forty dollars each, and Pioneer Steamer company No. 3, one thousand dollars, said sums to be divided among the members as each company shall direct; engineer of steamer at Penacook, seventy-five dollars per annum; assistant engineer at Penacook, seventy-five dollars; assistant engineer at East Concord, twenty dollars; and assistant engineer at West Concord, twenty dollars.

SECT. 3. Amend section 30 by striking out in the first line the words "the Pioneer Steamer company and"; and strike out in the fourth line after the word "sums" the words "for Pioneer Steamer company, thirty dollars per annum, and when performing the duties of janitor of the building an additional sum of forty-five dollars per annum; and," so that said section as amended shall read as follows:

SECT. 30. Stewards for engine companies Nos. 2 and 3 shall be appointed by the mayor and aldermen, and shall receive for all services performed by them in that capacity the following sums: For stewards of engine companies Nos. 2 and 3, thirty dollars per annum each. No steward shall be allowed to purchase supplies for such buildings, or for the department, unless by the authority and direction of the committee on fire department; and in no case shall he have any care or control of the building or its appurtenances occupied by the company of which he is member, except in the immediate service of the company, unless he shall be appointed janitor thereof, when he shall be under the direction of the engineer, as provided in the foregoing section.

SECT. 4. This ordinance shall take effect upon its passage.
