

ior high; as nearly twice as many are served in this building a competent cook was necessary, and we were most fortunate in securing the services of Mrs. Cobb. Two elective classes help with the cooking each day, one under Miss Ford and the other under my own direction. In January, Miss Myrtle Farrar took charge of the classes at the Parker, and I made my headquarters at the senior high, although still planning the class work and menus and buying the supplies for both high and Parker schools.

It is quite difficult in these times of high prices and food scarcity to provide a satisfactory menu, but each day we serve some kind of soup and toast for 5 cents, a meat or meat substitute for 5 cents, sandwiches 5 cents, cocoa or milk, with choice of sandwich or muffin, 5 cents, mashed potato, gravy, muffin and butter 5 cents, and dessert 5 cents.

In addition to the regular work the Parker School entertained the superintendents at luncheon the day of their convention here. The high school elective classes helped prepare a part of the Y. M. C. A. "Father and Son" banquet. Some of the girls have assisted the state demonstrators. The students are all taught the aim of the food administration and ways in which they may help.

Respectively submitted,

HARRIET B. DAVIS.

REPORT OF THE SCHOOL NURSE.

Mr. L. J. Rundlett, Superintendent.

DEAR SIR: It is difficult for a school nurse to report a year's work briefly. This year is to be known as "Children's Year" because the problem of child health is so serious. The condition of each child's health should be looked after by a medical inspector. Over half of the public school pupils are probably affected with some form of ailment. A combination of the work of a school physician followed up by that of a school nurse would work wonders.

No one person should be expected to look after the health of the entire school population of a city like Concord. It is time for this city to awake to its responsibilities and appoint a competent school physician.

More time ought to be given to practical health talks in the schools. If we wish to interest the community in matters of public health, the message of hygienic living should be instilled into the minds of the children who in turn will carry the word home to the parents.

During the year the usual number of defects found have been corrected, and cases referred to parents have received prompt attention. The hearty co-operation of the parents is most gratifying.

Health day was observed with appropriate remarks by physicians and others. Twice during the year I have spoken on public health to the pupils in Miss Sargent's class in the high school.

The dental clinic, now a year old, is no longer an experiment. Since its beginning it has been a pronounced success. The dentists manifest the same enthusiasm which marked the early days. Each in turn gives a Saturday afternoon without remuneration of any kind. It is pleasing to note that throughout the entire year every appoint-

ment has been faithfully kept. Aside from the time given on Saturday many of the dentists have treated children in their own offices, or have gone to the hospital to do work which could not be done in the clinic. The room is well equipped and the work done in a thoroughly satisfactory manner. We may all feel a just pride in the dental clinic, which is second to none in the state.

Miss Anderson, who assists me, deserves special credit for her faithful, conscientious work.

I sincerely appreciate the hearty co-operation which has been given me by the Board of Education, you and the teachers.

I have made 400 home calls for the following conditions:

Defective vision,	30
Defective teeth,	80
Throat and nose condition,	55
Pediculosis,	45
Uncleanliness,	20
Malnutrition,	15
Mentally retarded,	17
Investigation for contagious disease,	45
Disease of skin,	7
Conjunctivitis,	7
Orthopedic,	8
Vaccination,	5
Undiagnosed,	21
Other causes,	51
Number interviews with officials and others,	75
Number children to physicians,	28

In the dental clinic the following work has been done:

Number cleanings,	122
Number fillings—cement, silver, gutta percha, copper, cement,	284
Extraction,	299

ARTHUR J. TAYLOR, Attendance Officer.

REPORT OF THE DIRECTOR OF MUSIC.

Mr. L. J. Rundlett, Superintendent.

DEAR SIR: The work of the music department of the Concord schools is conducted along five different lines:

First. Singing and sight reading in the primary and grammar grades.

Second. Chorus work in the junior and senior high schools.

Third. The various branches of music taught in the fifth course in the high schools.

Fourth. The work with the pupil-teachers in the Dewey Training School.

Fifth. Orchestral work.

Someone has said, "Be not the first by whom the new is tried, nor yet the last to lay the old aside." It is somewhat in accord with this precept that we are conducting the work in singing.

We are using the same text-books and practically the same methods as have been in use here for several years and we are doing this because the results, as a whole, have been satisfactory.

Such a part of the rudiments of music as is necessary for intelligent sight singing is taught in all of the primary grades, and as a result we are getting good individual and class work there and most excellent chorus work in the higher grades.

A careful use of the child-voice is insisted upon at all times and we are rewarded for this by an unusually large number of pure sopranos found in the high schools.

A large part of the credit for our really excellent chorus

singing in the higher grades should be given to the lower grade teachers who have, without exception, done most painstaking and intelligent work.

The director of music has been unable to visit regularly the school near Sewall's Falls or the one at Riverhill. The teachers there report music as a part of their weekly program. Visits are made to the schools on the Iron Works Road and at Millville every four weeks.

The chorus singing in the high schools is very satisfactory. Especially noteworthy is that at the Parker School.

Owing to the large number of boys who have employment directly after school in the afternoon, it has not been possible to resume glee club work with them this winter.

A large and remarkably good girls' glee club meets for weekly practice at the senior high.

The work of the fifth high school course goes more smoothly each year. This includes rudiments of music, melody writing, elementary harmony, music history and music literature. We need a good encyclopedia of music as an aid to the proper preparation of the work of this course.

The work with the members of the Dewey Training School has been conducted along lines similar to those of last year. A record is kept of each recitation and a written report is submitted to the principal of the school every ten weeks. Satisfactory progress is being made by all.

The condition of a high school orchestra is, like New England weather, subject to sudden changes. Every graduation takes away a valued member and if that member has been playing some other instrument than the violin the vacancy is not always easily filled. Our orchestra is not as able an organization as it was two years ago but we hope for better things in the future.

At the Chandler School an orchestra consisting of five violins, two cornets and a piano have met for weekly practice during the past semester. The mid-year promotion

has taken away two of the violins and one of the cornets, but it has given us a drummer.

At the Parker School we have recently organized an orchestra of five violins, a cornet, drums and piano.

If these groups can be strengthened and maintained it will most certainly add to the effectiveness of the senior organization.

It has been difficult to interest pupils in the more unfamiliar instruments of the orchestra. In vain we look for performers upon the 'cello, the trombone or upon any of the wood-wind instruments.

Our bass player, who has rendered good service ever since the instrument was purchased, will probably leave us in June. If we could have another instrument for use at the Parker School it would greatly help the work there and also solve the problem of a bass player in the senior high.

The annual concert was given last spring at a financial profit of \$19.54. During the year repairs upon one of the timpani and the contra-bass, strings for the bass, and a pin given as a reward for regular attendance at orchestra practice, have cost \$26.75. The money for the payment of these bills was taken from the fund upon deposit to the credit of the high school chorus. This fund now amounts to about one hundred and sixty dollars.

In closing I wish to again testify to the loyal service which is being rendered by the teachers in the Concord schools. They have, without exception, given me able and cheerful assistance, and whatever success has been gained in this department is due largely to them.

I also desire to express my thanks to the superintendent and to the members of the Board of Education for the encouragement which has always been extended to me.

Respectfully submitted,

C. S. CONANT.

REPORT OF THE DIRECTOR OF MANUAL TRAINING.

Mr. L. J. Rundlett, Superintendent of Schools.

DEAR SIR: I herewith submit my ninth annual report of the work of the Morrill School.

Early last year the school was registered with the State Committee on Safety to do war work and we have kept the equipment in good condition and the work well in hand with this in view. Some printing has been done for the Red Cross and other work would have been done if proper instructions could have been had. The lack of authority to go ahead with this work has made it quite impossible to do much.

In November a radio class was organized for drafted men. Charles F. Archer, a local train despatcher, was secured as instructor. An advisory committee consisting of Arthur W. Perkins, chief train despatcher, Boston & Maine Railroad, Earl F. Newton, division toll wire chief, New England Telephone & Telegraph Co., and Joseph D. Kennedy, Associated Press operator, was appointed and gave some valuable suggestions which have been followed. The class has enrolled a total of thirty-five men, some of whom are in France at the present time. Other classes are now being organized in machine shop practice, pattern making, forging and oxy-acetylene gas welding.

The principal feature of the past year's work in high school classes has been the large number of shop visits made. An outline was made out at the beginning of the year for visits to practically all the large shops in town, each class going to the shop that was doing work similar to that which it was doing in the school. After each shop visit written reports were handed in by the boys, which were corrected for their technical value at the Morrill

School and handed to the English teacher as a regular essay in high school. Among the places that have been visited are Concord Wood Working Co., New England Box Co., *Monitor* office, Rumford Press, Abbot & Downing Co., Ford & Kimball, Page Belting Co., Boston & Maine shops, Wm. B. Durgin Co. I wish to express my appreciation to these people for the liberties they have granted us in their plants. This work is of value from several standpoints outside of its educational worth which cannot be questioned. It has a civic value in that it shows the boys what is being done in Concord and makes them better acquainted with the industries of their home city.

The evening drawing class was opened November 5 and has been conducted two nights a week. The following list shows the occupations of the men seeking instruction. In every case a knowledge of mechanical drawing is of value to them in every-day work.

Machinist apprentices,	9
Machinists,	8
Tool makers,	2
Shop laborers,	2

January 10, 1918, Robert R. Stanley, factory inspector for the State Bureau of Labor, made a thorough inspection of the building. Although schools do not come under the state law requiring inspection it is the policy of those in charge to have the school safe in every respect, in fact to make it a model shop. As a whole the shops are in ex-

cellent condition. Mr. Stanley offered a few valuable suggestions, several of which have been followed and the others are in process of being completed. Most of the improvements can be made by the regular pupils with very little expense.

During the year there were several changes in the staff of teachers. Mr. Johnson resigned in June and Mr. Roland G. Hartwell, of Pittsfield, was elected to fill the vacancy. Mr. Hartwell was not a stranger in the school as he had spent two summers here attending the summer school. Daniel Flint resigned in June as repair man and student assistant in order to take up war work and entered the employ of the government in the Portsmouth navy yard. In November, Mr. Harold Chamberlin enlisted with the colors and his place was filled by Mr. Eldon T. Alden.

In the summer vacation a wash-room with twenty-four bowls connected with hot and cold water was installed in the basement. This was very much needed and was greatly appreciated by both teachers and pupils. Quite a little expense in soap and towels has been saved since this was installed. A sink was also connected in the print shop and it has proved a great convenience.

While the schools were closed during the winter vacation the arrangement of the steam pipes on the high school boilers was changed and new valves added which made it possible to heat the Morrill School without heating the high school.

There are practically no repairs of any account that need to be done on the building another year. It is in excellent condition. No new equipment is needed for the regular work and that which is needed for the special war classes is already provided for. I suggest no new features for another year but would rather recommend adhering to the present policy of being ready to do whatever needs most to be done in the way of preparing both men and boys for their places in the nation.

Respectfully submitted,

ARTHUR W. FRENCH.

REPORT OF INSTRUCTOR IN MILITARY DRILL.

Mr. L. J. Rundlett, Superintendent, Concord, N. H.

DEAR SIR: The military drill at the high school is going very satisfactorily.

We have a company of forty boys who drill every afternoon from 2.30 to 3.30.

They are all very much interested in the subject, work hard and attend strictly to business.

I hope in the future to have a larger company, as there are a number of boys who have come from the Parker School, and will no doubt join the company.

Just as soon as the weather is favorable I intend to take the boys on the range and instruct them in the use of the rifle.

In closing I wish to thank Mr. Cook for his earnest cooperation, and also Major Hammond for his kindness in allowing us the use of the armory.

Respectfully submitted,

MICHAEL H. MULLIGAN,
Instructor Military Drill.

ANNUAL SCHOOL MEETING WARRANT.

STATE OF NEW HAMPSHIRE.

*To the inhabitants of Union School District in Concord,
N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Auditorium on Prince Street, in said district, the fifth day of April, 1917, at 7.30 o'clock in the evening, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon the report of the Board of Education for the past year.
4. To choose three members of the Board of Education to hold office for three years to fill the vacancies arising from the expiration of the term of office of Dennis E. Sullivan, Fanny E. Minot, and Omar S. Swenson, and to choose one member of the Board of Education for two years to fill the vacancy caused by the resignation of Charles A. Wing.
5. To choose one or more auditors for the ensuing year.
6. To see what sum of money the district will raise and appropriate for the payment of the debts of the district.
7. To see what sum of money the district will raise and appropriate for the support of schools for the ensuing year, including industrial education, military drill and calisthenics.

8. To see what sum of money the district will raise and appropriate for special repairs to the school buildings during the ensuing year.

9. To transact any other business that may legally come before said meeting.

Given under our hands this sixteenth day of March, 1917.

EDWARD C. NILES,
FANNY E. MINOT,
OMAR S. SWENSON,
CHARLES DUNCAN,
OSMA C. MORRILL,
LILLIAN R. SHEPARD,
CHARLES A. WING,

Board of Education of Union School District.

I certify that on the seventeenth day of March, 1917, I posted a copy of the written warrant, attested by the Board of Education of said district, at the place of meeting within named, and a like attested copy at the police station in the city of Concord, N. H., being a public place in said district.

LOUIS J. RUNDLETT.

CONCORD, N. H., March 19, 1917.

Then personally appeared before me, on this date, the said Louis J. Rundlett, and made oath that the above certificate by him signed is true.

ISAAC HILL,
Justice of the Peace.

In accordance with the foregoing warrant, a meeting of the legal voters of Union School District was held at the Auditorium, on Prince Street, in Concord, on the evening of April 5, 1917, at 7.30 o'clock.

The meeting was called to order by Louis C. Merrill, moderator.

ARTICLE 1. On motion of Henry H. Metcalf the clerk was authorized to cast one ballot for Louis C. Merrill as moderator for the ensuing year and he was declared elected. He was sworn to the discharge of his duties by the clerk.

ARTICLE 2. On motion of John P. George the moderator was authorized to cast one vote for Herbert W. Rainie as clerk for the ensuing year and he was declared elected. The oath was administered by the moderator.

ARTICLE 3. On motion of A. F. Sturtevant, duly seconded, the report of the Board of Education having been printed, was accepted and ordered on file without reading.

ARTICLE 4. It was moved and unanimously carried that the district proceed to ballot on all the four vacancies on the Board of Education at once. It was also voted that the polls close at 8.15. On motion of H. H. Dudley, the meeting proceeded to consider the other articles until the closing of the polls.

ARTICLE 5. On motion of W. J. Ahern, Henry H. Metcalf and John P. George were chosen auditors for the ensuing year.

ARTICLE 6. On motion of H. H. Metcalf the following resolution was adopted:

Resolved, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District, the sum of fifteen thousand two hundred ninety-five dollars (\$15,295) of which sum, seven thousand two hundred ninety-five dollars (\$7,295) shall be appro-

priated for the payment of the interest on its bonded indebtedness accruing during the year, and eight thousand dollars (\$8,000) for the payment of the bonds of the district maturing May 1, 1917.

ARTICLE 7. On motion of G. Arthur Foster the following resolution was adopted:

Resolved, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of schools for the ensuing year, such a sum as in addition to the sum assigned to the district by the city of Concord out of its appropriation for schools, will amount to the sum of one hundred twenty-four thousand three hundred fifty-five and 82/100 dollars (\$124,355.82).

ARTICLE 8. On motion of A. F. Sturtevant the following resolution was adopted:

Resolved, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for special repairs to school buildings the sum of two thousand dollars (\$2,000).

ARTICLE 9. On motion of John P. George the following resolution was adopted:

WHEREAS, the Union School District on the first day of April, 1915, voted to raise and appropriate the sum of five thousand dollars (\$5,000) for purchasing, fitting up and equipping an athletic field, and

WHEREAS, such action appears to have been beyond the powers of the district, and therefore illegal and void, therefore

Resolved, That said vote of the first day of April, 1915, is hereby rescinded and the Board of Education is hereby authorized to use said sum of five thousand dollars (\$5,000) for the general expenses of the district.

The moderator appointed as tellers, A. F. Sturtevant, H. E. Chamberlin and C. F. Cook.

A. F. Sturtevant moved reconsideration of Article 7 by reducing the amount named under that resolution by \$5,000, the amount non-available to the board under Mr. George's resolution. The vote on the reconsideration was declared in the negative.

Mr. Ahern moved the passage of the following resolution, which was duly seconded:

Resolved, That it is the sense of this meeting that the salaries of the teachers in the elementary schools of the district shall be raised \$100 for the ensuing year.

M. H. Donovan moved the amendment of the resolution by the insertion of the word "all" in the place of the word "elementary" so that the resolution would read:

Resolved, That it is the sense of this meeting that the salaries of the teachers in all the schools of the district shall be raised \$100 for the ensuing year.

This amendment was duly seconded and upon vote was declared carried.

Upon being put to the vote, the resolution as amended was declared carried.

ARTICLE 7. It was moved and unanimously carried that Article 7 be reconsidered.

Upon motion of Mr. Hanna it was voted that the amount of the appropriation named in Article 7 be made one hundred twenty-seven thousand three hundred fifty-five and 82/100 dollars (\$127,355.82) so that the appropriation resolution under Article 7 as amended and passed is as follows:

Resolved, That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of schools for the ensuing year such a sum as in addition to the sum assigned to the district by the city of Concord out of its appropriation for schools will amount to the sum of one hundred twenty-seven thousand three hundred fifty-five and 82/100 dollars (\$127,355.82).

The vote for members of the Board of Education resulted as follows:

Whole number of votes cast,	265
Necessary for a choice,	133
For three years:	
Charles L. Jackman,	3
Joseph S. Otis,	1
Dennis E. Sullivan,	247
Omar S. Swenson,	255
Fanny E. Minot,	261
For two years:	
Harry F. Lake,	262

and Dennis E. Sullivan, Omar S. Swenson and Fanny E. Minot were declared elected members of the Board of Education of Union School District to serve three years and Harry F. Lake to serve two years.

There being no further business, it was voted to adjourn.

A true record. Attest:

HERBERT W. RAINIE,
Clerk.
