## FIRE DEPARTMENT.

---

### REPORT OF CHIEF ENGINEER.

---

*To the Board of Aldermen:*

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1917.

The department responded to 30 bell alarms and 261 still alarms.

In addition, three fires occurred, entailing loss, for which no alarms were given, making a total of 294 for the year.

	Bell.	Still.	No alarm.	Total.
Precinct,	17	206	....	223
Penacook,	9	34	3	46
East Concord,	2	16	..	18
West Concord,	2	5	..	7
	<hr/>	<hr/>	<hr/>	<hr/>
	30	261	3	294

This report will be found to contain statements in detail embracing the amount of expenditures, a complete roll of the department with residence and occupation of each member, a record of all fires and alarms which have occurred during the year and the causes thereof as nearly as could be ascertained, with the names of the owners or occupants and the value, loss, insurance, and insurance recovered in each case.

But one dangerous fire occurred during the year, that at the Concord Lumber Company plant March 27.

On July 13, Lieut. Charles G. Pinkham, of Combination

1, died. In his death the community and the department met with a distinct loss. He was a good citizen, a good fireman and genial companion, and his loss was sincerely mourned. The policy of motorizing the apparatus was pursued to the extent of purchasing one Ahrens-Fox 750-gallon combination pump and hose, one Abbot & Downing combination double tank chemical and hose. A contract was also signed for one Abbot & Downing combination single tank chemical and hose which has not as yet been delivered, the company, however, loaning a car during the interim. One thousand feet of hose was added to the complement on hand. As very little hose was condemned the purchase of more can be safely omitted during the coming year and the amount saved devoted to the purchase of tires, of which one piece of motor apparatus is in need. Seven horses were sold during the year and two purchased.

The apparatus is in good condition, Combination 1 having been thoroughly overhauled and repaired.

The fire alarm systems of the precinct and Penacook are in good condition. One box was added to the Penacook system.

The duties incumbent upon the undersigned in the line of inspection of wires and buildings have been performed.

The abnormal figure demanded for forage at present adds one more reason to the many already existing why motor-driven apparatus is preferable to horse-drawn.

Respectfully submitted,

W. C. GREEN,  
*Chief Engineer.*

STILL. March 27, 11.31 p. m. Information received by telephone from the passenger station that evidently a fire of some magnitude was raging at the north end.

Combination 1 sent out to investigate. Three minutes later a bell alarm from box 8 was received for one of the most dangerous fires occurring in this city for a long time.

The fire proved to be in the heart of the plant of the Concord Lumber Co., East Penacook Street. Storehouse and mill, with contents, destroyed. These buildings were surrounded by numerous other structures, lumber piles and oil tanks. That the principal loss was confined to the two buildings destroyed was indeed most fortunate. Cause of fire unknown.

Standard Oil Co., B. & M. R. R. and W. U. Telegraph Co. suffered slight exposure losses.

## **PUBLIC LIBRARY.**

---

### **REPORT OF THE TRUSTEES.**

---

*To the Board of Mayor and Aldermen of the City of Concord:*

The trustees of the Public Library herewith transmit the annual report of the librarian, showing in a general way what has been accomplished during the past year.

At the last annual meeting of the trustees a vote was passed requesting an appropriation for the ensuing year equal to that of last year (\$5,885). As the salaries of the four assistants were increased to nearly three hundred dollars in the aggregate, and as the usual expenses of maintaining the library cannot be substantially decreased without endangering its efficiency, the appropriation asked for is deemed to be as small as is consistent with a reasonable economy in the administration of the library.

REUBEN E. WALKER,  
*President of Board of Trustees.*

CONCORD, N. H., February 12, 1918.
