## REPORT OF THE CITY SOLICITOR.

---

CONCORD, N. H., February 9, 1920.

*To the Board of Aldermen:*

I herewith submit to the board my report relative to legal matters in which the city has been interested during the past year.

*Frank E. Tyrrell v. Concord*, an action brought for the death of a horse, which the plaintiff alleged was injured by reason of a defective bridge on the Shaker road. The amount claimed was \$400, and the case was tried to a jury at the last October term of the Superior Court, resulting in a verdict for the city.

*Hobart A. Goodwin v. Concord*, an action for highway damages to an automobile. The plaintiff alleged his automobile was damaged at a defective culvert on the South Pembroke road, July 28, 1917. The case was tried to a jury at the last October term and resulted in a verdict for the plaintiff for \$550. In behalf of the city I saved exceptions which I am now carrying to the Supreme Court. The case will be argued there at the March term.

*Charles A. Towle v. Concord* and *Mary A. Towle v. Concord* were cases brought for personal and property damages growing out of an accident on the Loudon road due to an unrailed bank. Both cases were settled for \$121.63, an amount slightly in excess of the exact cost for repairs to the automobile.

*Mabel G. Tyrrell v. Concord* is an action brought for the death of a horse which was alleged to have gone through a culvert on the Canterbury road. This case was in order for trial at the last October term and I expected to try it, but counsel for the plaintiff stated to the court that his

client was ill and could not attend to it, so the case was continued to the April term. The amount claimed is \$200.

*Irving J. Sargent v. Concord* is an action brought for the death of a horse caused by the said horse breaking through a bridge in the Snaptown district. This case also was in order for trial at the October term but was continued to the April term when it will be in order for trial. The amount claimed is \$300.

Notice has been served on the city likewise in behalf of Philippe St. Pierre. Suit has not yet been brought in this case.

The case of *Annie Ford v. Concord*, in which \$3,000 is claimed for damages to lands and buildings, will also be in order for trial at the April term.

The state has condemned certain land on the Plains belonging to the city for a camp ground and hearings were had before a commissioner and the city was awarded \$135 damages which has been paid.

Respectfully submitted,

ALEXANDER MURCHIE,  
*Solicitor.*

#### RECOMMENDATIONS.

The police signal system, installed several years ago by the New England Telephone Company, is a very unsatisfactory proposition, and should be replaced by a modern, up-to-date system.

The Gamewell system is considered the best, and is in use in all the larger and a great many of the smaller cities of the United States. The Gamewell Company claim that the following fourteen points on police signalling are true:

- “1. Proper tools are essential in the performance of efficient service.
2. In police work, a signal system is recognized as one of the most important tools.
3. The value of any mechanical aid is dependent upon its reliability.
4. The word ‘Gamewell’ stands for over 60 years’ continuous use.
5. Reputation stands for something.
6. A bad, or unreliable, signal system is a menace, for it imparts a false sense of security.
7. A signal system is the helpmate of the policeman.
8. The system is an aid in rendering efficient service.
9. Inefficiency eventually involves the position of those who tolerate it.
10. In police work, seconds count.
11. To make seconds count, co-operation is necessary.
12. Quick co-operation is made possible with the signal and re-call system.
13. With the re-call the police drag net can be set instantly.

14. Several features comprise a complete signal system.”

The old Packard automobile, purchased about four years ago, at a cost of \$600, is a thing of the past, and for the last two years has been an expensive proposition. I recommend the purchase of a lighter, five-passenger, six-cylinder car.

#### CONCLUSION.

In closing, I desire to express my thanks to the members of the honorable city government for their courteous treatment and support. To the officers of the department, I extend my appreciation for their hearty co-operation.

Respectfully submitted,

GEORGE A. S. KIMBALL,  
*City Marshal.*

GENTLEMEN: Your Committee on the South End Playground respectfully submits the following report for the year ending December 31, 1919.

The attendance for July was 377; for August, 450. A variety of games were arranged by the instructors, the most popular ones being volley ball, croquet, basket ball, baseball and tennis.

ELSIE L. JOHNSON,

*Committee on Playground.*

## REPORT OF JOHN KIMBALL PLAYGROUND.

---

The season at the playground, comprising the months of July and August, was unusually successful. Every afternoon when the supervisors were present, an interested group, numbering from 60 to 130, were to be found busy with their games, their folk-dancing, their sewing or their basketry.

The sewing, under the direct supervision of Miss Jessie Murdock, was very popular. Dresses, aprons, bags and underclothes were made by the girls, and all these useful articles were put into immediate use. Miss Lowe helped in the folk-dancing and games that were so popular with the small girls of the playground. The entire girls' department was in charge of Miss Silsby and the large attendance kept her busy even on the very hot afternoons of July. The vocational work of the playground could be enlarged to great advantage; more and better facilities for the teaching of sewing and basketry; and a re-arrangement of the shelter so that work and play could be carried on at the same time.

The care of the grounds, the supervision of the boys and the custody of the playground property were in charge of Francis O'Brien.

Not so many volunteer workers gave their services as the previous summer. It would be of great assistance to the playground if more people were interested in its welfare. The community playground is well worth the hearty cooperation of every loyal citizen of Concord.

Appropriation,	\$500.00
Resolution No. 398,	24.98
	<hr/>
Expended,	\$524.98

Respectfully submitted,

LUELLA A. DICKERMAN,  
R. A. BROWN.

## REPORT OF PARK COMMISSIONERS.

*To the Board of Aldermen:*

The park commissioners present herewith their report for the year ending December 31, 1919:

### RECEIPTS.

Appropriation,	\$4,000.00	
Resolution No. 396,	500.00	
	<hr/>	\$4,500.00

### DISBURSEMENTS.

Salary of superintendent,	\$1,350.00	
Paid for labor,	2,207.78	
Walter S. Dole, grain,	212.16	
E. H. Runnells, teaming,	39.97	
G. L. Theobald, teaming,	20.00	
M. E. Clifford & Co., labor and supplies,	30.88	
L. Dale Brown, labor and sup- plies,	17.90	
Standard Oil Co., gasoline,	5.10	
Thompson & Hoague Co., sup- plies,	138.01	
Frank Atkinson, cash paid out,	34.50	
Page Belting Co., labor and supplies,	27.32	
Rowell & Plummer, labor and supplies,	12.60	
J. H. Coburn, teaming,	74.70	
Horne & Hall, labor and supplies,	56.42	
E. K. Adams, glass and putty	1.70	
Scott French, care Pecker Park,	12.00	
G. L. Harkins, labor on trees,	58.65	
	<hr/>	\$4,299.69

Owing to the rapid increase in cost of both labor and materials during the past few years we have been unable to do anything in the way of permanent improvements or extensive replacements. In fact our appropriation is barely sufficient to keep the parks in a presentable condition. But it will soon be necessary to make extensive repairs to the fence around the deer enclosure at Rollins Park and better toilet facilities are needed at both Rollins and White parks.

For similar reasons we have not deemed it advisable to undertake the proposed changes at West Garden where the cost will undoubtedly exceed the sum of money received from the Rollins estate for that purpose.

The fence around White Park is still uncompleted, nothing having been done for nearly ten years. The boundary of the park is about 4,600 feet, of which about 1,500 feet has been fenced during the past thirty-five years. We suggest a special appropriation to complete this work on Center, White and Beacon streets, leaving High street until a later time.
