MOSES HUMPHREY, SUPERINTENDENT.

NINTH ANNUAL REPORT  
OF THE  
COMMITTEE ON THE CITY FARM.

---

*To His Honor the Mayor, and the Board of Aldermen of the City of Concord :*

The undersigned, Joint Standing Committee on the City Farm, having attended to the duty of taking an inventory of the property of the Farm, respectfully submit the following Ninth Annual Report :

Appraised value of farm and buildings in 1861,	\$8.000 00
Appraised value of personal property in 1861,	2.430 91
Total,	\$10.430 91
Appraised value of farm and buildings in 1862,	\$8.000 00
Appraised value of personal property in 1862,	2.537 39
Total,	\$10.537,39
Number of paupers at the farm Feb. 1st, 1862,	23
Average number for the year,	23
Whole number for the year,	35
Number lodged one night or more,	75
Died,	4

Regarding the management and husbandry of the farm your Committee are unanimous in the opinion that it is well managed. The prudent management of the household affairs, and the contentment, and comfort of the family reflect much credit on the Superintendent and Matron, Mr. and Mrs. Gilman. Quite a large proportion of the family are aged persons and children, consequently the

Overseer and Matron are almost destitute of help, there being but one man capable of performing any labor on the farm, the overseer was obliged to hire help a large portion of the time the past season. The overseer has performed much extra labor the past season in relaying with new pipe the Aqueduct to the house and barn, and in rubbling the bank of the river, having drawn about one hundred and seventy-five yards of rubble, still much more is needed.

Respectfully submitted,

WILLIAM D. COLBY, }  
 M. H. FARNUM, } *Committee.*  
 NATHANIEL ROLFE, }

## CHIEF ENGINEER'S REPORT.

---

*To His Honor the Mayor and Board of Aldermen of the City of Concord :*

In accordance with the requirements of the Ordinance of the city, my report for the Financial year ending Feb. 1st, 1862, is herewith presented :

The Department has been called out during the year eleven times, as follows :

March 4, 1861.—House and Barn of Isaac Silver, loss \$600 ; partially insured. This was undoubtedly the work of an incendiary, as the house was unoccupied.

June 26.—Fire in Union Block. Damage to stock and building about \$300. Insured.

August 20.—In the attic of Hutchins' Block, recently occupied as the printing office of the Democratic Standard ; damage by fire and water about \$2,500.

Same night.—Slight fire at the shop of Robinson & Brothers. Damage \$100. Insured.

September 10.—Alarm caused by burning brush at Blossom Hill Cemetery.

Same day.—At Concord and Northern Railroad Car Houses : loss, Northern R. R., \$12,000 ; insured \$9,000. Concord R. R., loss \$29,000 ; insured \$22,000.

September 27.—At store of James M. Blake ; damage to building and stock \$600. Insured \$350.

October 4.—At corner of Main and Centre streets, destroying the dwelling house and office of Dr. C. P. Gage, Marble Work of Day & Co., and the Merrimack House. Loss \$8,000. Insured \$2,400.

October 7.—False alarm.

November 5.—Load of hay on Cross street. Incendiary.

November 14.—At J. R. Hill's Harness Manufacturing Establishment, which was totally destroyed; the dwelling houses of Chase Hill and Benjamin Damon, the shoe shop of Joseph French, Gas office, shop of Chase Hill, occupied by himself as a leather store and by Mrs. M. M. Smith, Millinery. Loss \$45,000. Insured \$38,100.

It will be seen by the above account that the city has been particularly unfortunate during the past year. Most of the buildings destroyed have been in the compact part of the city, the larger portion old wooden structures, and standing closely together, it is a matter of wonder that the loss has not been still greater, and that the fires have been confined to as small limits as they were.

In May last, in obedience to a resolution of the City Council, I procured four hundred feet of double riveted leather Hose, which was equally divided between engines No. 2, and No. 3.

At a meeting of the City Council in November last, an ordinance was passed authorizing the Mayor and myself to purchase a steam fire engine, procure one thousand feet of hose, and a suitable hose carriage, extend the iron pipes of the Northern and Concord Railroads to Main street, and build a reservoir on Main near Warren street, &c. The engine and hose have been contracted for and will be ready early in the month of March.

The recent action of the City Government would seem to indicate an entire change in the Department, at no distant day, substituting in the compact portion of the city steamers, in place of the hand engines now in use. In order to carry out completely this change a considerable expenditure of money will be required, both for the purchase of engines and their apparatus and for the erection of suitable buildings for the machines, and stable for horses, &c., if they are to be run by horses. It is a matter by no means clear to my mind which would be the cheapest and best to run even steamers by men or horses, as they are manufactured serviceable for either method.

I must again call the attention of the city government to the subject of supplying the thickly settled section of the city with water, notwithstanding all that has been done in that direction we are still very deficient in our supplies.

During the last year two Reservoirs were constructed by the committee appointed for that purpose ; one at the corner of Centre and Union streets, which from the time of its completion last fall has been always full and will undoubtedly remain so, the other on Washington street near Walnut street, supplied from a running brook and now well filled, but I am apprehensive may possibly have to be cemented to make it tight in dry seasons.

The Chief Engineer is under renewed obligations to the Board of Assistant Engineers for their cordial co-operation at all times with him and for the ready and effective manner in which they have performed their duties during the past year.

The several companies connected with the Department are in good condition with full ranks, and are entitled to great credit for their promptness and efficiency.

Having been connected with the Fire Department of this city for more than thirty years, and with the Engineer branch nearly all the time since its organization, I think the time has now arrived when I should retire from the head of the Department, and after thanking the City Council for the many acts of kindness and confidence they have shown me, would respectfully say that I do not consider myself a candidate for re-appointment to that responsible office.

All of which is respectfully submitted.

TRUE OSGOOD, *Chief Engineer*

## The Second Annual Report of the Cemetery Committee.

To the City Council of the City of Concord :

The Cemetery Committee respectfully present this their

### SECOND ANNUAL REPORT.

The Committee have sold since the date of their last Report, Feb. 6, 1861, twenty-three lots for the sum of \$480.70, all of which has been paid into the treasury of the City.

The receipts and expenditures of the Committee from Feb. 6, 1861, to Feb. 19, 1862, have been as follows, viz :

#### RECEIPTS.

1861. Balance on hand Feb. 6, 1861,	36 51	
Feb. 18. Cash received of J. Brown for grass sold him,	29 41	
Cash received of J. C. A. Hill, City Treasurer,	50 00	
“ “ C. D. Drew, for wood,	2 25	
July 31. “ F. N. Fisk, for grass sold him,	64 00	
Sept. 7. “ J. C. A. Hill, City Treasurer,	50 00	
Oct. 3. “ “ “	100 00	
“ 5. “ John Cheney for pasturing,	3 00	
Nov. 59. “ T. O. Neil for wood,	2 50	
1862.		
Jan. 26. “ J. C. Briggs for weed,	14 00	
Feb. 28. “ J. C. A. Hill, City Treasurer,	40 00	
		<hr/> \$391 67

#### EXPENDITURES.

Cash paid at sundry times during the year for labor of men and teams in constructing avenues and walks, removing brush and leaves, supplying Old Cemetery with wa- ter two years, engineering and other small bills,	353 99	
Leaving in the hands of the Committee,	37 68	
The amount of expenditures at the Old Cem- etery has been	49 37	
“ “ Blossom Hill Cemetery,	304 62	

During the past year considerable labor has been expended upon the improvement and extension of avenues and walks. The culvert under Maple Avenue has been enlarged and relaid. North Avenue has been graded and prepared for use by carriages and many new foot paths have been made in different parts of the grounds. The forests have mostly been cleared of dead brush and leaves and large quantities of worthless bushes have been removed from them. The sum of forty-five dollars and seventeen cents has been expended in improving and preparing for occupancy a specimen lot, of neat and chaste design, but of moderate cost. This will be disposed of, when wanted, for its cost and interest of its appraisal and improvements, the object had in view by the Committee of securing such a lot to the Cemetery grounds, having been attained. Several important private improvements have been commenced by the proprietors of lots the year past, and a portion of them have been completed.

The limited amount of means at the Committee's disposal has not warranted the undertaking of any very extensive improvements by them during that period. Several however, of some magnitude, should be made at the earliest day practicable. The front stone wall, on State street, should be continued on Rumford street, for the protection of the grounds from vagrant cattle and horses strolling in that vicinity. As this exposure arises from the extension of the last named street, the erection of this wall may belong more properly to the City of Concord than to this Committee. The extension of the walls at Wood's Brook culvert and the changing of the street grades at and near that point, under the direction of Mayor Humphrey, has been an important service, not only to the public generally, but to all in particular having occasion to visit this Cemetery. The present fence upon the North side of the Cemetery is a temporary one and should be replaced by a permanent wall. It is hoped that this may be done during the coming year.

The Committee, who, some years since made purchase of this Cemetery, were restricted by the City Council to the buying of a tract of land not exceeding thirty acres in extent. They were compelled, therefore, to forego the purchase of about one and a half acres of excellent land notching into the present Cemetery grounds at the South West corner, and rendering the boundary lines unsightly and inconvenient. This tract can still be had for about two hundred and twenty-five dollars and its purchase is respectfully commended to the favorable consideration of the City Council, not so much for the additional land it would secure, as for the saving it would insure in fencing and for the great improvement in shape of that part of the Cemetery.

J. B. WALKER, *for the Committee.*

CONCORD, Feb. 19, 1862.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY,  
 FOR THE YEAR ENDING JANUARY 31, 1862.

*To the City Council of the City of Concord :*

In accordance with the ordinance requiring an annual statement of the condition of the Public Library, from the Trustees, the undersigned respectfully present the following report for the year ending January 31, 1862 :

The number of volumes belonging to the Library, January 31, 1861, was 3,225. During the past year 370 volumes have been added by purchase and 10 by donation ; making the whole number 3,605, of which number 2,976 volumes are intended for circulation and are subject to the calls of subscribers. Of the remainder, 624 volumes are permanently retained in the Library for purposes of reference, and 5, which have not been on the shelves for more than a year, are considered lost. The small amount of losses since the organization of the Library is the best evidence of the care and vigilance of the Librarian. It is not known that any losses have occurred during the past year. A few books were not in place at the time of the annual examination, but they will probably be returned or paid for by those to whom they are charged. The number of subscribers on the books of the Librarian for the past year has been four hundred fifty-three.

The accompanying report of the Treasurer will show the receipts and expenditures on account of the Library during the year.

The importance of our Library as an institution for the diffusion of intelligence, though admitted by all, is probably underrated by many. That it may accomplish its object tolerably well it needs constant enlargement. At the present time when the resources of the nation are taxed for the suppression of a rebellion whose growth to gigantic proportions was rendered possible only by the ignorance of those who were drawn into it by wily traitors, there would seem to be no need of argument to show that all considerations of true economy, patriotism, and philanthropy commend the Library to your generous support.

Concord, N. H., Feb. 1, 1862.

### REPORT OF THE POLICE JUSTICE.

*To His Honor the Mayor, and the Board of Aldermen of the City of Concord :*

The undersigned respectfully submits the Ninth Annual Report of the Justice of the Police Court of said city.

During the year ending January 31, 1862, the whole number of entries upon the civil docket is 25.

Whole number of entries upon the criminal docket is 96.

He refers the Board to the Report of the City Marshal for a statement of the offences committed, and the prosecutions instituted during said year.

The undersigned charges himself, as Police officials, as follows, to wit :

Amount of fines received during said year,	\$293 50
Amount of fees and costs,	275 29

\$568 79

And discharges himself as follows, to wit :

Paid County Treasurer, August Term, 1861, amount of fines received under the statute of July 3, 1860, as per receipt,	\$50 00
Paid City Marshal expenses of City prosecutions, as per receipts,	93 85

Paid officers and witnesses in prosecutions not instituted in behalf of the city, amount of their fees, as per receipts,	87 63
Paid P. B. Cogswell for printing blanks, as per bill,	10 00
Paid City Treasurer, as per receipt,	227 31 — \$468 79
	<hr/>
Balance in the Justice's hands,	\$100 00

The above balance is the amount of fines for unlawfully selling intoxicating liquors received under the aforesaid statute, since the last term of the Supreme Judicial Court in this county, and it will be payable to the County Treasurer at the next term of said Court.

The foregoing account includes all moneys received for the use of the city during the entire year ending this day.

In obedience to the ordinance passed on the 30th day of November last, the undersigned will render a semi-annual account in the form required, at the expiration of the first six months of the next fiscal year.

DAVID PILLSBURY, *Police Justice.*

Concord, Jan. 31, 1862.

## REPORT OF THE CITY MARSHAL.

*To his Honor the Mayor, and the Aldermen of the City of Concord:*

In accordance with the requirements of the third section of an Ordinance of the city passed May 21, 1853, I hereby present to you the following report, for the year ending Jan. 31, 1862.
