FOURTEENTH ANNUAL REPORT  
OF THE  
**COMMITTEE ON THE CITY FARM.**

---

*To His Honor the Mayor and the City Council of the City of Concord :*

The undersigned, Joint Standing Committee on the City Farm, having attended to the duty assigned them of taking an inventory of the property at the Farm, respectfully submit the following Fourteenth Annual Report :

Appraised value farm and buildings 1866,	\$8,000 00
Appraised value of personal property in 1866,	4,256 85
	<u>12,256 85</u>
Total,	\$12,256 85
Appraised value of farm and buildings, 1867,	\$9,000 00
Appraised value of personal property, 1867,	3,628 45
	<u>12,628 45</u>
Total of 1867,	\$12,628 45
Total of 1866,	12,256 85
	<u>471 60</u>
Increase in valuation past year,	\$371 60
Number of paupers at the Farm Feb. 1, 1867,	16
Whole number for the year,	44
Average number for the year,	15
Number lodged one night or more,	49
Died,	1
Boarding criminals, number of days,	329
Number of criminals sentenced House of Correction,	9

Your Committee are unanimous in the opinion that the Farm is well managed; and the prudent management of the household affairs reflects much credit on the Superintendent and Matron, Mr. and Mrs. Gilman. Owing to the lighter hay crop last season than usual the stock has been reduced some on the Farm which makes

the personal property somewhat lower than last year, but the rise in value on real estate and the stone quarries in this vicinity more than balances the deficit. For this reason your Committee have seen fit to raise the valuation of the Farm. During the year past the Superintendent has made several improvements on the buildings painting them, &c., which he has paid for off the Farm. He has also laid out on the highway the sum of \$92,25 for which he has also paid from the Farm and it should stand to his credit. Your Committee do not feel to close their report without speaking of the stone quarries on the Farm. They should be looked after more strictly than they have been. There has been much lawless trespassing of late in getting stone off the Farm which should be stopped until the parties enter into a written agreement with the city authorities to get stone from the various quarries on the Farm. The city gets but very little for the stone taken from the quarries. They should have as much as other people have in this vicinity for the same quality of stone. As a whole, every thing else on the premises looks well for the city.

Respectfully submitted,

J. V. ALDRICH,  
HENRY FARNUM,  
EDWARD RUNNELS; } *Committee.*

## CHIEF ENGINEER'S REPORT.

---

*To His Honor the Mayor and the Board of Aldermen :*

The Fire Department have been called out during the year ending Feb. 1, 1867, as follows :

Feb. 16, 1866. At Athenian Building, Main street. Loss, \$9,000.00. Insured about \$7,000.00. Caught from heating through cooking range.

April 14. Fire of shed at State Prison, Damage trifling.

July 13. Fire at foundry of Ford & Kimball. Work shop of Benj. F. Duncklee & Co. Dwelling house of B. A. Kimball, Esq. Tenement house of F. Low & Co. Loss, \$26,000.00. Insured, \$15,000.00.

Aug. 15. Fire at house of Dr. Little, at Fisherville. Loss, \$2,200. Insured, \$1,200.

Oct. 29. Fire at wood and lumber shed of H. H. & J. S. Brown, Fisherville. Loss, \$500.00.

Nov. 5. Fire at wood shed and oil house of H. H. & J. S. Brown, Fisherville. Loss, \$500.00.

Nov. 10. Fire at Downing & Sons' blacksmith shops. Destroyed three dwelling-houses adjoining. Loss, \$15,000.00. Insured, \$10,500.00.

Nov. 12. Fire at Picker room of Penacook mills, owned by

Nov. 14. Fire at Downing & Sons. Loss, \$900.00. Insured, \$600.00.

H. H. & J. S. Brown.

Nov. 29. Fire at Penacook mills, Fisherville. Loss, \$40,000. Fully insured.

Jan. 23, 1867. Fire at the Widow Merrill house, Main street. Damage, \$2,500.00. Insured, \$1,815.00.

There has been purchased during the past year one second-class steam fire engine, a hose carriage, and nine hundred and fifty feet

of engine hose, which are now temporarily located at the engine house on Warren street.

There has been one reservoir built during the past year on South street.

I would again call the attention of the City Council to the fact that we are still very deficient in water, and repeat what I said in my last annual Report in relation to that matter.

The engine house, &c., on Warren street is entirely unfit for the purposes for which it is used, and a new one is imperatively demanded, suitable for the accommodation of the steamers. Considerable feeling has been and still is manifest by our citizens as to a suitable location. Any central location where there is room enough, is all that is desired, as we can reach any part of the main village while the engines are being heated up, about from seven to ten minutes being necessary for that purpose. It would certainly be desirable to have the Fire Department by itself, if it can be without incurring any considerable additional expense.

There has been added to the Department an Engine company (Steamer Kearsarge) of twelve men, and a Hydrant and Hose company of ten men, composed of men at the Northern Railroad shops, to use the force pump in that locality, and to act in union with Hydrant and Hose No. 1.

Early in May of last year, the Committee of the Fire Department of the City Council, and myself, A. B. Holt and John M. Hill, of the Board of Engineers, were instructed to examine into the situation and wants of the Fire Department of the main village. After due consideration, a report was made, which is now on file in the office of the City Clerk. The recommendations of the Committee since that report have been adopted in part, two new companies having been formed, but no reduction in any branch of the force has been made.

Having been connected with the Concord Fire Department for a period of thirty-six years, and with the Board of Engineers nearly the whole time since its organization, I think it is time that I should retire, and am therefore not a candidate for re-appointment to the position which I now hold.

I am under renewed obligation to the Board of Engineers for their efficient aid during the past year, and to the members of the several Fire Companies for the promptness with which they have

performed their respective duties, sometimes under very trying circumstances. And I would here say to all, both firemen and citizens, that if I have done anything as Engineer that may have seemed harsh or unkind, I most sincerely regret it, and trust it will be put down as an error of judgment rather than a want of courtesy on my part. In taking leave of the Department in an official capacity, I beg to assure you that I shall look back with pleasure to the many pleasant and social meetings which we have had together, and shall still feel a deep interest in the efficiency of that Department with which I have been connected for the greater portion of my life, and that whatever I may be able to do hereafter for its efficiency will be done most cheerfully.

Respectfully submitted,

TRUE OSGOOD, *Chief Engineer.*

1867.

Jan. 26. Cash on hand,..... 26.69 \$87.94

The amount of funds belonging to the Old Cemetery, derived from the sale of lots, and now on hand in the City Treasury, is \$600, which is invested in U. S. 5-20 Bonds and kept as a permanent fund.

The Receipts and Expenditures from Jan. 25, 1866, to Jan. 26, 1867, on account of

#### BLOSSOM HILL CEMETERY

have been as follows :

## RECEIPTS.

	Amount received from Jan. 25, 1866 to Jan. 26, 1867, .....	705.38	
	Total Receipts from sale of lots, .....		\$6,228.49

This amount has been expended partly in payments made from time to time upon the notes given for the cemetery grounds and partly for their laying out and improvement, with the exception of one hundred and two dollars and seventy-three cents, of which sum sixty dollars is now in the hands of the Superintendent of the Cemetery and the balance is in the city treasury, subject to the draft of the Committee.

The amount now due on notes given by the city for the purchase of the Cemetery, is thirty-nine hundred and sixty-five dollars, (3.965). As one-half of the receipts from the sale of lots is annually appropriated to the payment of the interest and principal of this debt, it is hoped that its entire liquidation may be reached at a day not far distant.

During the past year, important improvements have been made by the Committee upon the paths and grounds of the Cemetery. Lots, to a considerable number, have also been graded, enclosed and embellished by their proprietors.

Your Committee are of opinion that further improvements should be made during the coming season, if we would save those already made, which cannot be done with the limited means now in their possession. They also deem it essential that the citizens in that portion of the city should manifest more interest in regard to this matter than they have hitherto done, in order to secure the completion of the work.

## REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

---

*To the City Council of the City of Concord :*

The undersigned Trustees of the Public Library of the City of Concord, have the satisfaction of reporting the continued prosperity of the institution. Every year adds to the favorable estimation in which it is held by the community. But its capacity for good is much crippled by its lack of financial means. It has not the money wherewith to place upon its shelves many volumes, yearly, that ought to be found there. We must again urge, as it has been repeatedly urged in former reports, that the appropriation for the City Library be increased.

During the past year, there have been added to the Library *one hundred and seventy-four* volumes by purchase, and *thirty-two* by donation. The names of the donors and the number of volumes contributed by each, are as follows : Hon. George G. Fogg, 7 ; Hon. Edward H. Rollins, 6 ; N. H. Historical Society, 5 ; Adj't Gen. Natt. Head, 3 ; Capt. William F. Goodwin, 1 ; Adj't Gen. N. B. Baker, of Iowa, 2 ; Concord Reading Class, 2 ; Mrs. J. A. Eames, 2 ; E. C. Eastman, 1 ; Dr. J. H. Gallinger, 1 ; Gen. Robert Patterson, 2. *Twenty-eight* worn-out volumes have also been replaced by new ones. The number of subscribers, during the year, has been *six hundred and forty-nine*.

The accompanying report of the Treasurer shows the financial condition of the institution.
