ADDENDUM NUMBER FIVE

B11-12

OLD SUNCOOK ROAD LANDFILL FENCE CONSTRUCTION

TO ALL FIRMS OF RECORD: This addendum forms a part of and modifies the bidding and contract documents and technical specifications for the project named above. The following changes, additions and clarifications are made to the original Contract Documents:

1. Question: I walked the fence line this morning and noticed that the fence line and property line were the same in the areas adjacent to the condominium development and Airport Rd. properties. Is the fence going to be offset from the property line for maintenance purposes and to prevent disturbing abutters property during the clearing and grubbing process? The rest of fence line is marked by itself. Is that the exact fence line with 10' cleared toward the inside, 5' either side or something other?

Answer: The proposed fence line along Mulberry Street and Airport Road property lines shall be approximately 1 foot inside the property line. All locations marked by green flagging represent the proposed fence line. All clearing and grubbing shall be completed on the inside of the fence line, except at the locations that are already accessible from City property for installation and maintenance (existing path from Airport Road or along the ball field). Additional clearing on the inside of the fence line is not required at these locations. **Contractors shall include in their bid price the clearing of the 10' maintenance and installation path as noted above.**

PLEASE BE ADVISED THAT THE CONTRACTOR MUST ACKNOWLEDGE RECEIPT OF ADDENDUM ONE, TWO, THREE, FOUR AND FIVE ON THE SIGNATURE PAGE OF THE BID/ITEMIZED BID SHEETS (PAGE 41).
