ADDENDUM NUMBER ONE

B29-12

2012 COLDPLANE/OVERLAY, SHIM/OVERLAY AND PAVEMENT RECLAMATION PROJECT

TO ALL FIRMS OF RECORD: This addendum forms a part of and modifies the bidding and contract documents and technical specifications for the project named above. The following changes, additions and clarifications are made to the original Contract Documents:

1. **Question:** On page 6 of your document it discusses signal loops being encountered. Is it the responsibility of the city to reinstall the loops if they are damaged?

Answer: It shall be the responsibility of the City to reinstall the loops.

2. **Question:** Pages 30 through 33 talks about fuel adjustment and asphalt adjustment but the last sentence in both specs say that if there is no Item in the contract than there will be no adjustment. Could you clarify this since there is no item for either adjustment in the bid package? By having the spec in there but no item it is a bit confusing.

Answer: Adjustments for both fuel and asphalt shall be allowed. Page 30, paragraph (j), delete the following statement: When no item for Fuel Adjustment is included in the Contract no adjustments will be made. Page 33, delete the following statement: When no item for Asphalt Cement Adjustment is included in the contract no adjustments will be made.

PLEASE BE ADVISED THAT THE CONTRACTOR MUST ACKNOWLEDGE RECEIPT OF ADDENDUM ONE ON THE SIGNATURE PAGE OF THE BID/ITEMIZED BID SHEETS (PAGE 51).
