

SPECIAL PROVISION

AMENDMENT TO SECTION 201 -- CLEARING AND GRUBBING

Item 201.01 – Clearing

Modify Description

- 1.1** Remove reference to grubbing. Grubbing will be by others.
- 1.2** Clearing shall be performed between East Street and Walnut Street within the clearing limits as shown on the plans.

Modify Construction Requirements

- 3.1.4** Clearing and brush removal will be done with such equipment and methods that will minimize rutting, ground cover disturbance and ground penetration. All areas where ground cover has been removed or disturbed such that bare soil is exposed or erosion could occur will be regraded, seeded, mulched and covered with jute matting.
- 3.1.6** All trees will be cut to within (6) six inches of the ground. All brush will be cut or mowed to within (2) two inches of the ground. Limbs from all trees outside the clearing limits that overhang into the clearing limits will be trimmed back to the tree’s trunk.
- 3.1.7** All wood, chips, slash and mowing debris shall become the contractor’s property and be removed from the site.

Modify Method of Measurement

- 4.2** Individual trees will not be measured.

Add to Method of Measurement

- 4.6** Permits, taxes, erosion control, traffic control and site restoration/ground cover re-establishment including planting, mulching and matting of disturbed ground surfaces will not be measured for separate payment.

Add to Basis of Payment

- 5.1.6** Payment for permits, taxes, erosion control, traffic control and site restoration/ground cover re-establishment shall be subsidiary.
